

A modern living and dining area. The wall is painted in a vibrant blue color. On the wall, there are three framed abstract art pieces. A pink tufted sofa is positioned against the wall, adorned with yellow and white cushions. In the foreground, there are yellow upholstered chairs around a dark table. The floor is made of light wood. The overall aesthetic is bright and contemporary.

# Choosing your colour

Colour can say a lot about a person as well as your home, and with the Wickes paint range you can express your personality through your colour choices. You can set a consistent mood throughout your home or have each room take on its own individual style. Whatever you choose, our colour wheel will help you pinpoint your perfect combinations.

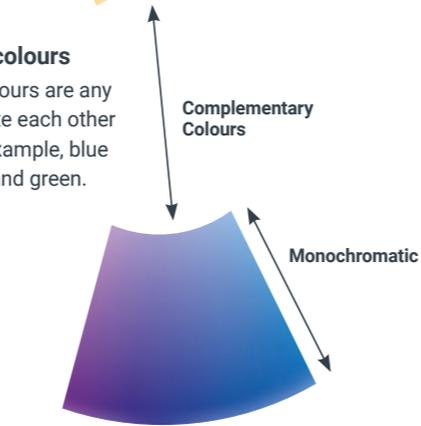

**Tonal colours**  
Use neighbouring colours to create a strong style and bring a sense of harmony to your room.

**Complementary colours**  
Complementary colours are any two colours opposite each other on the wheel. For example, blue and orange, or red and green.

Complementary Colours

**Monochromatic**  
Use tints and shades within the same hue to create a multidimensional look while keeping to the same colour family.

# What paint do I need?

When you have decided on your colour palette, the next step is to select the right kind of paint for your project. Our guide below will help you select the right one for you.

**Walls & Ceilings**  
Ideal for any general living areas such as bedrooms or lounges. Available in two finishes: contemporary vinyl matt or a high sheen vinyl silk.

**Kitchen**  
Greaseproof, stain-resistant and washable. Ideal for areas that must be cleaned frequently.

**Tough & Washable**  
Hard wearing and fully washable with a matt finish. Ideal for use in high traffic areas such as hallways, as it is twenty times tougher than standard emulsion.

**Bathroom**  
Moisture-, steam- and mould-resistant with a soft sheen finish. Ideal for areas that are exposed to condensation and splashing water.

<b>Non-Drip</b> Available in gloss and satin finishes, our non-drip paint is easy to use and durable, with drip-resistant properties making application easier for the DIY painter.	✓	✓	
<b>Quick Drying</b> Available in gloss and satin finishes, this water-based, low-odour formulation makes the drying time quicker.	✓	✓	

## Things to remember...

When painting new wood or metal, ensure a primer and undercoat are used; this will help ensure your finishing top coat looks better and lasts longer.

When painting over existing paint, ensure the surface is clean, and suitably smoothed for the best results. Undercoat is also advised.

When painting over contrasting colours, additional coats may be required.

In the printing of this brochure every effort has been made to ensure perfect reproduction of the colour swatches, but due to printing limitations, the colours shown on this card may not be an exact match to the paints. Colour shades are prone to variance depending on the substrate and texture of the surface being painted or the lighting within a room - that's why we recommend testing your selected colour on a small area of the actual surface before you make your final decision. Tester pots are available for all Wickes emulsion colours. Note: Tester pots are indicative of the colour only and may not represent the sheen/finish of the final product.
