appointment

Virtual or in store, it's your choice. Book your appointment at wickes.co.uk/ designconsultant,

call us on 0800 011 3031 or drop into one of our stores.

your ideas

Think about what you'd love and what you need in your new kitchen. You can follow us on Pinterest and Instagram to find inspiration.

consultation

Meet with your Design Consultant either virtually or in person to discuss your ideas and how to make the best use of your space.

in a 360° tour

We'll arrange a meeting, either virtually or in store, to reveal your tailor-made 360° virtual kitchen design and demonstrate your chosen products.

your order

Once you decide to buy, we can talk you through our flexible payment options.

your installer

Your installer will visit to do a technical installation survey and double check everything is in order. If you choose your own

installer, we'll meet with them to ensure things run smoothly.

delivery date

We'll arrange delivery and schedule your kitchen installation (if you've chosen our Wickes installation service).

prepared

When your kitchen arrives, it could take up a lot of space so make sure you have cleared enough room to store it. You'll also need to empty out your old kitchen and set yourself up with a temporary one in another room.

transform

Now the exciting bit! We'll remove your old kitchen and dispose of it in an environmentallyfriendly way*, then start installing your new kitchen.

new kitchen

Once your kitchen has been installed, we'll contact you to check you're happy with everything.

Our experienced Design Consultants will support you through every step, from planning and design all the way through to installation and aftercare.

Get expert design input on your ideas and be inspired by clever space-saving solutions

Our Design Consultants know our products like the back of their hands so they can design a kitchen that works for you and your lifestyle. From branded appliances with special cooking functions to dishwashers designed to save your back, even integrated wireless chargers for all your gadgets. And to make full use of your space, they'll talk you through our clever storage ideas.

Meet your Design Consultant either virtually, through an easy to use video call, or in person

They'll discuss measurements and your options as well as offering their own ideas.

Take a tour around our Showroom Kitchen displays

Explore our kitchen showroom from the comfort of your own home with our online showroom tour at wickes.co.uk. See products come to life as you open cupboards, drawers and so much more.

View an example of one of our kitchen designs with 360-degree views.

See your dream kitchen brought to life with our virtual 360 tool

Once your Design Consultant has heard your ideas and seen your space, they'll use their know-how to design your new kitchen. You'll be invited into store or to a virtual meeting where they'll do product demonstrations and reveal an interactive 360° illustration of how everything will look.

Complete the look. We'll help you find the worktops, sinks, taps and splashbacks to suit your style

We offer so much more than kitchen cabinets and worktops. Your Design Consultant will help you personalise your kitchen with complementary appliances, sinks, taps and handles as well as lighting, tiles, paint and flooring.

Virtual or in store - it's your choice

We understand everyone is different: that's why we offer virtual or in store appointments at each stage of the journey, from browsing our showroom to selecting your finishing touches. Speak to your Design Consultant to confirm what's right for you.

. .

Our kitchens are built to last. We're so confident that we guarantee them for 20 years*.

Our hard-wearing units, hinges and drawer runners are guaranteed for 20 years

Don't worry. Even heavy use doors and drawer fronts are covered for 10 years

Be inspired by top brand names and innovative smart technology

Don't just take our word for it. Read our excellent customer reviews on Trustpilot

Our local, trusted installers can take care of everything; from plumbing to fitting, gas to electrics, lighting to tiling.

Enjoy peace of mind. Wickes will manage your project and sort any issues along the way

Our experienced installers will fit your kitchen to the highest standard, whilst adhering to additional safety measures we've put in place, so you can relax knowing that your kitchen is in safe hands.

Our Wickes-approved installers will complete a full technical survey before your job begins

Once you've decided to go ahead with your new kitchen, we'll introduce you to your Wickes-approved installer. They'll come to your house, before the installation begins, to carry out a detailed technical survey to check that everything is in order. You can also use this time to discuss any work that needs doing such as gas, electrics or plumbing.

The Institute of Customer Service – the independent, professional membership body for customer service - has awarded our installation team a ServiceMark with Distinction following top marks from 90% of Wickes' customers they surveyed.

Our service includes the environmentally-friendly disposal of your old kitchen

Before we install your new kitchen, we'll remove your old one as part of our service, making sure that it's disposed of in a professional, environmentally-friendly way*.

Receive a 2 year workmanship guarantee on top of your kitchen guarantees

We want you to be completely happy with your installation, knowing that everything has been fitted safely and correctly. Once it's been installed, we'll provide you with a 2 year workmanship guarantee on top of any product guarantees.

If you choose your own installer, we'll still meet with them to ensure things run smoothly

We would always recommend you use our installers but, if you would prefer your own fitter or builder, we are more than happy to meet with them, to go over the plans and any details, once you've placed your order. We'll do all we can to make your kitchen fitting go as smoothly as possible.

Meet our experts

We're really proud of the people behind the Wickes name. Learn more about some of their stories.

Raman Kitchen Range Buyer

44

Everything starts with the customer. I look at macro trends, like multi-generational living, the need for compact solutions as homes get smaller and the demand for more environmentally friendly products. Equally, innovation also plays a big part of ranging decisions as our customers want to future-proof their investment! I then buy the best product at the best price to deliver great value for our customers.

77

Becky-AnneDesign Consultant

44

At Wickes we offer knowledge not guesswork. We know our products like the back of our hands so we can tell customers exactly what will and won't work in their space. When I talk with customers for the first time, I always ask them how they use their current kitchen and what's important to them. I might even ask them to show me a room they've done up recently so I can get an idea of the colours they like and their style.

77

Design Consultant

I once went to see a house where the customers had already had kitchen plans drawn up; they were just looking for me to quote as per their design, I asked if they'd mind if I made some suggestions. My idea involved knocking down walls and restructuring the room - they loved it. By the time the job was finished their kitchen had become a place of unexpected beauty. We worked together so well that they even invited me to their wedding.

77

DarrenWickes Installer

44

My relationship with my customers is crucial; I want them to feel involved. I encourage them to ask me questions as we go along so they feel completely confident about what we're doing. During the technical survey I plot out their kitchen in front of them. I talk them through anything they're unsure about, so they know exactly what's going where and there are never any surprises later down the line.

77

RichardDesign Consultant

44

I don't see myself as a kitchen salesman. I'm a designer, creating the kitchen my customers have always wanted, that they'll have for years to come. My background in architecture helps me be imaginative when it comes to small spaces, using open shelving, corner gadgets and reflective surfaces. It's about being creative with light - including under surface lighting.

77

Mark Wickes Installer

44

I have a lot of pride in what I do. When I leave a job I want it to be done to the same quality as if it was my own home. At the technical survey I go through everything with the customer, check that the plan is going to work and, importantly, look at the state of the electrics and gas. I'll speak to them about all their needs, including plastering, tiling, flooring and lighting so that I can take care of the whole job.

77

Our kitchen styles explained

It's easy to book a free appointment with a Design Consultant. Call **0800 011 3031**, visit **wickes.co.uk/designconsultant** or hover your smartphone camera over this QR code.

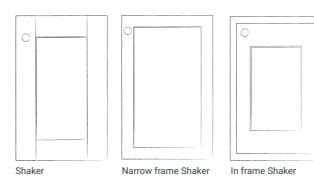

What is an Intelliga kitchen?

Our most premium range of truly handleless kitchens. A discreet metal rail is built into the cabinet, creating space to reach the doors and pull open with your hand. Drawers are opened with either a push or pull, leaving you with the most stunning seamless and streamlined look.

What is a Shaker kitchen?

Shaker-style doors generally consist of a 4-piece frame with a recessed centre panel. The frame is traditionally wide, whilst the Chester range offers a more contemporary narrow option. Our Heritage range is a shaker-style door within a frame, which offers a different take on this timeless classic.

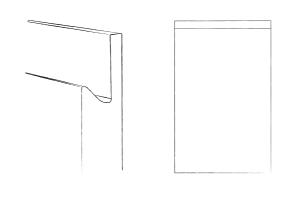

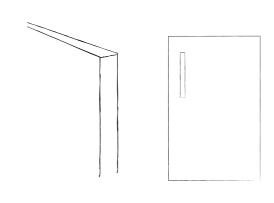

What is a J-Pull kitchen?

J-Pull is a handleless style that has a 'J' shaped curve built into the top of the cabinet door or drawer front, perfectly shaped to pull open. This gives a sleek modern look to your kitchen.

What is a Slab kitchen?

Slab doors and drawer fronts are clean and simple, offering the perfect blank canvas for a modern look. Pair with a strap handle for a contemporary look, or use cup and knob handles to make it more classic.

Your style.

Find the style and colour you love from our inspiring range.

Our range.

From classic to modern, light to dark, matt or gloss, with or without handles, choose the door design that's right for you.

Cabinet interior options

Our cabinets offer high quality construction backed by our 20 year guarantee, alongside a brand new grey colour option to complement your style. Both colour options are available across all of our kitchen ranges.

· Available with all kitchen ranges

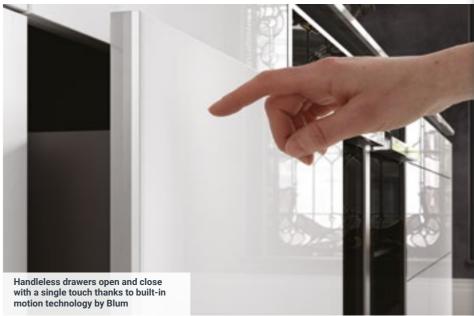

Cabinet Options

Esker

Ice

Sleek and chic, simple yet sophisticated: create a bright, open space without a handle in sight with these slab-style single-touch doors and drawers. Esker's almost pearlescent white fascias contrast with the toughness of the highly reflective, acrylic finish.

Esker Azure

Esker Azure's high-shine finish has a mesmerising light transitioning effect, so it looks almost metallic. The bright blue acrylic brings a touch of the outside in, working beautifully with natural materials like wood and stone.

Chester Grey

The shaker look is a timeless classic made ultra modern with Chester's narrow frame and gentle grey painted finish. Blending this with Intelliga's clever handleless design presents a smooth, streamlined kitchen that is sure to impress.

Chester Cloudy Blue

Cloudy Blue is a beautiful addition to the Chester palette and works strikingly with other Chester colourways. When combined with the sleek, handleless look of Intelliga, it will take your kitchen to the next level.

Chester Midnight

The rich dark blue of Chester Midnight's painted doors will make a statement in any kind of kitchen. Combining this with the sleek handleless finishing of Intelliga evolves the narrow-framed shaker into the ultimate designer look.

ChesterForest Green

The narrow-framed shaker style of Chester's doors complements the sleek handleless look of Intelliga. The impact of the deep rich green tones gives an opulence that will really make an impression.

Glencoe White

Create a silky smooth bright white kitchen in gorgeous high gloss for an effortless designer look and fresh, spacious feel. Intelliga's handleless design offers streamlined simplicity, providing a beautiful blank canvas for you to dress up or down, depending on the occasion.

Book a FREE design appointment at wickes.co.uk/designconsultant or call 0800 011 3031

* Trustpilot

"From point of order through to installation the whole process went rather smoothly. The designer was excellent and accommodated all our needs and the installation team were amazing with nothing being too much bother for them"

Glencoe Cream

A modern gloss kitchen in a warm shade of cream gives an ultra-sleek, streamlined look that really hits the mark. Giving a nod to nature, it is a superb backdrop for vibrant and neutral tones and textures.

MelroseDove Grey

Seamlessly stylish, this pale grey matt design works as well in a classic, rural kitchen as in a modern, urban setting. It blends beautifully against any tone or texture, and with fingerprint-resistant technology and a true handleless design, Melrose always looks its best.

Melrose Pewter

Melrose's gloss pewter finish gives a contemporary feel which combines flawlessly with the sleek finish of our truly handleless Intelliga design. Play with textures by pairing with matt Melrose doors in other colours for a truly statement kitchen.

Melrose Carbon

Be bold with our carbon colourway. Melrose Carbon is dramatic and stunning in equal measure. With fingerprint-resistant technology, the satin smooth matt finish is both practical and contemporary. This truly handleless design has an understated elegance that is totally breathtaking.

Sofia White

The sleek lines of Sofia's integrated handles combine with high gloss white minimalism. The J-pull design means cupboards and drawers are easy to open while the clean, bright look of the lacquered finish accentuates the feeling of space.

Pull-down storage is an excellent way to utilise space and saves you

Sofia Cream

Blending smooth minimalism with a touch of warmth, Sofia Cream's high gloss ultra-modern style has discreet integrated J-pull handles for a streamlined look. The strength of the lacquered finish contrasts with the softness of the curved corners.

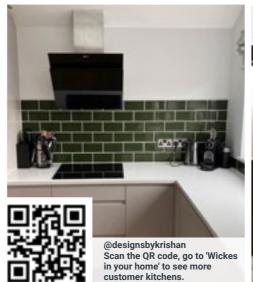

Sofia Cashmere

Sofia Cashmere's sumptuous creamy grey is extraordinarily versatile, as comfortable in a homely atmosphere as it is in a fresh and edgy kitchen. The curved corner cabinets and integrated J-pull handles add a gentle touch to its durable high gloss lacquered finish.

Sofia Pewter

Sharp and streamlined, this smooth design has a clean, minimalist look in a soft, silvery grey. Its integrated J-pull handles and high gloss lacquered finish keep lines flowing without interruption for the ultimate in contemporary styling.

Book a FREE design appointment at wickes.co.uk/designconsultant or call 0800 011 3031

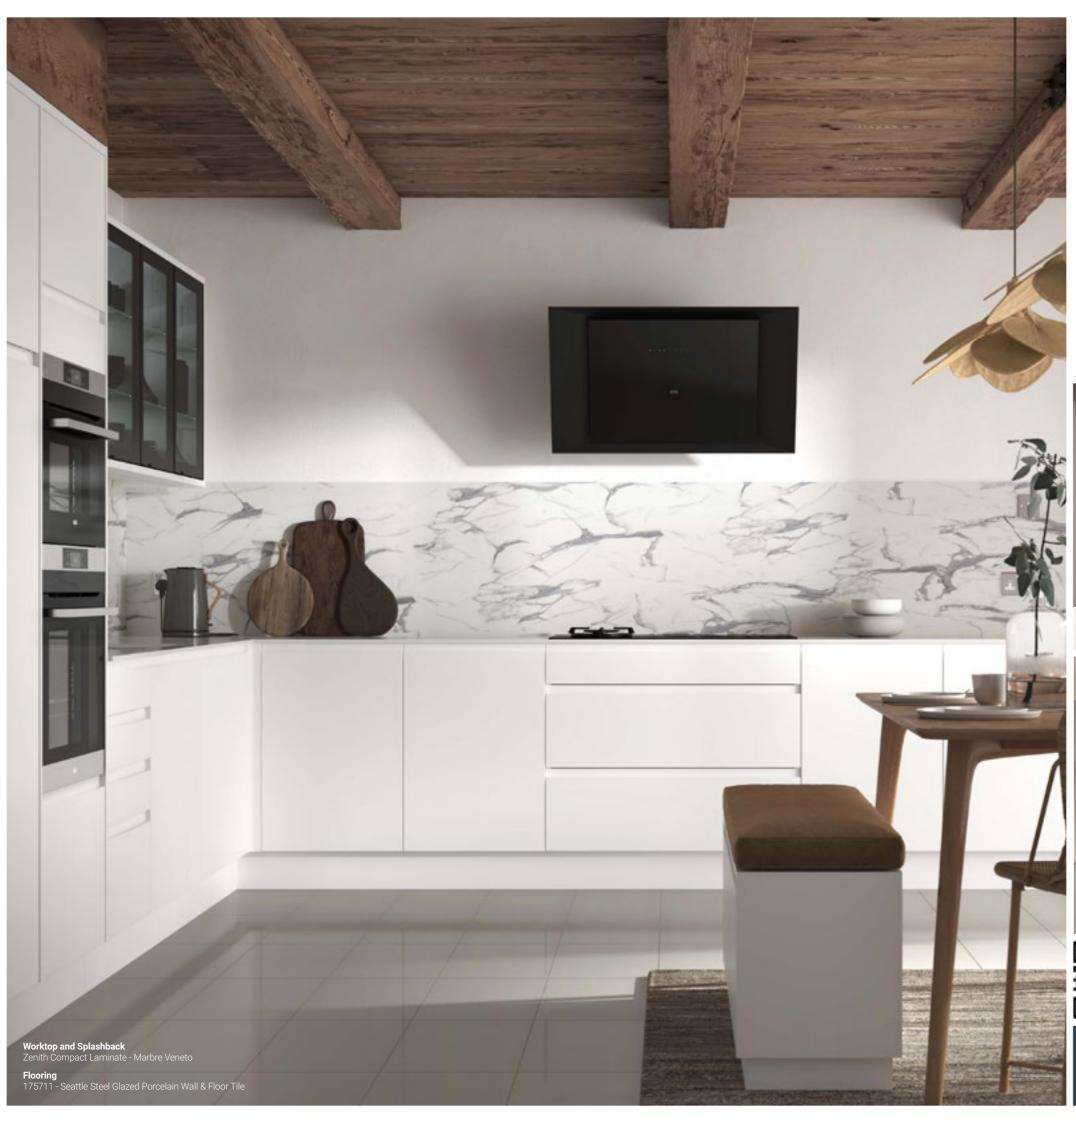

Sofia Graphite

Sofia Graphite's minimalist design creates maximum impact. This high gloss, lacquered deep grey kitchen has a striking linear design for a clutter-free contemporary feel. It works beautifully against natural woods and stone, complementing any colour palette.

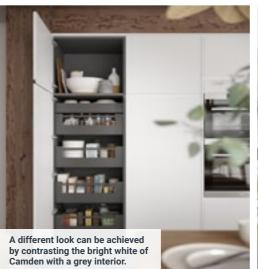

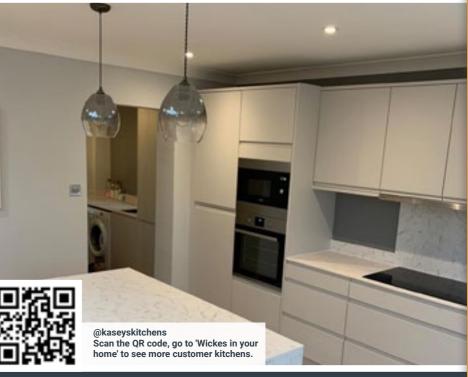

Camden White

With its fingerprint-resistant satin smooth matt doors and drawers, this family-friendly kitchen is both stylish and practical. Integrated J-pull handles give it a contemporary streamlined look that suits any home, while its white colour is endlessly versatile.

CamdenDove Grey

A glorious combination of elegance and innovation. Camden's timeless soft Dove Grey has a silky matt, fingerprint-resistant finish for a sophisticated look that's as durable as it is stylish. The kitchen has integrated J-pull handles that emphasise a linear feel.

Camden Midnight

Make a bold statement in your kitchen with this striking midnight blue that will really make an impression. Camden Midnight mixes a matt fingerprint-resistant finish with a handleless J-pull design for a truly contemporary look.

Make a design feature of your worktop by extending it in this stylish 'waterfall' design

CamdenCarbon

Streamlined and considered, Camden Carbon has a dark, dramatic intensity that balances tone with style. The soft matt finish creates an air of contemporary sophistication whilst the fingerprint-resistant technology is great for everyday living.

@doinguptheshuttergems Scan the QR code, go to 'Wickes in your home' to see more customer kitchens.

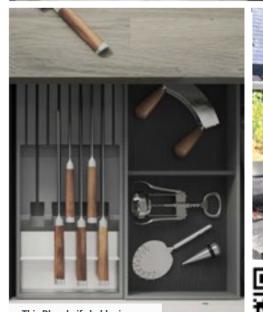

Chester Grey

The smooth, matt, painted finish of Chester Grey, coupled with its individual narrow framed design, are a winning combination. The classic shaker style has been given a modern twist to create a fresh update, for the best of both worlds.

@mattwickesdesignconsultant Scan the QR code, go to 'Wickes in your home' to see more customer kitchens.

Chester Cloudy Blue

Bring colour back into your kitchen with this on-trend Cloudy Blue hue in our stylish Chester narrow-framed Shaker. Cloudy Blue will evoke the feeling of the outdoors, bringing shades of the river and sky into your kitchen for a truly relaxing feel

Chester Forest Green

Rich forest green allows you to transform your kitchen into a haven of tranquillity. The flexible Chester design means that you have multiple styling options to make your kitchen as individual as you are.

Chester Midnight

This versatile shaker kitchen will suit any taste with its sleek narrow frame and rich midnight blue finish. The smooth painted matt doors will give your kitchen a striking look that will not fail to impress.

Tiverton Bone

A truly stunning shaker-inspired kitchen with solid timber frames, Tiverton Bone has the versatility to blend seamlessly into any style of home. Painted in natural bone white, it can be made to look contemporary or classic.

Tiverton Sage

This timeless shaker-inspired kitchen in muted green adds a touch of vintage sophistication to any home. Its timber-framed design makes a simple style statement. Complete the modern rustic look with natural wood and stone accents.

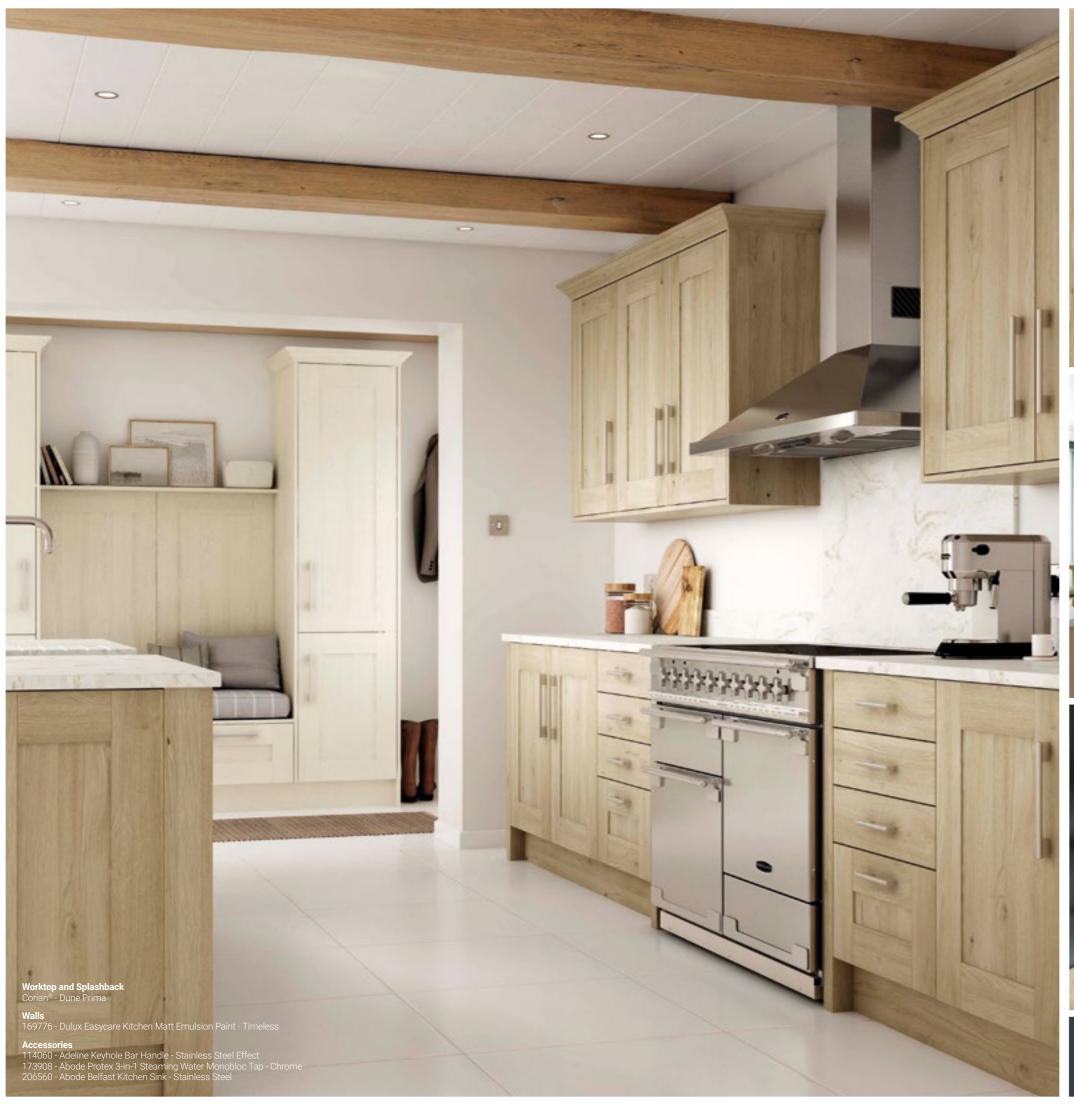

TivertonPebble

The earthy warmth of Tiverton Pebble heralds a new age for farmhouse style. Pebble's natural tones move away from the traditional cream of a country kitchen, meaning that it can work beautifully with both classic and contemporary styling.

TivertonNatural Oak

This shaker-inspired kitchen is crafted from solid oak; each piece has been specially selected for the unique characteristics and patterns of the authentic woodgrain which frames the veneered centre panel. Organic variations mean each kitchen is as individual as it is stunning.

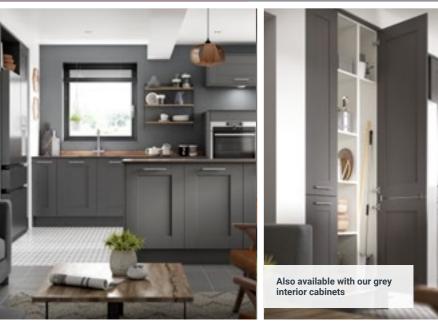

Tiverton Slate

Bold yet understated, Tiverton Slate lends a sophisticated and modern edge to this classic style. The shaker-inspired solid timber-framed design is painted in a deep matt grey, with delicate cool undertones that will add a touch of elegance.

TivertonAnthracite

The bold darkness of Tiverton Anthracite evokes both luxury and opulence, offering a modern take on the classic shaker kitchen. It pairs brilliantly with brass or gold handles, and can also be combined with other colours in the Tiverton palette to stunning effect.

Milton White

Milton White is a striking matt white shaker-inspired design that combines the beauty of a natural woodgrain effect with durable, synthetic materials. This pure white, neutral design can be styled in countless ways and always looks impressive.

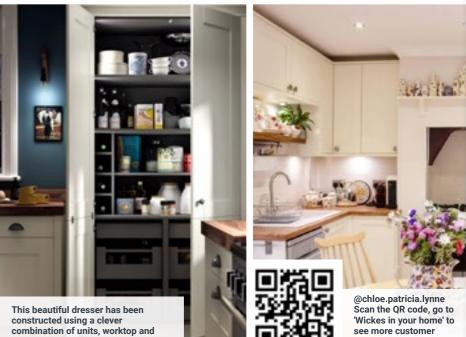

MiltonBone

This elegant kitchen, with its natural warm undertones, has a classic shaker design which never seems to date. Milton's doors and drawers have the effect of authentic, beautifully painted woodgrain, with the durability and strength of man-made materials.

Milton Grey

Milton's natural woodgrain effect blends the beauty of wood with the strength of man-made materials. The shaker-inspired design, painted in a delicate matt powder grey, can be styled in a classic or contemporary direction, but will always look stunning.

Milton Midnight

A subtle twist on contemporary dark kitchens, Milton Midnight has a rich navy colourway with deep charcoal undertones. Based on a traditional Shaker style, it has the charming effect of natural timber and the strength of man-made materials.

A wine cooler is ideal for keeping your wines at the perfect temperature

Kendal Cream

A subtle shaker kitchen with a silky smooth matt finish. The soft warmth of the cream colourway gives your kitchen a homely feel that can be styled to stunning effect with natural finishes like wood, stone or slate.

Our cornerstone swing ensures no space is wasted and provides easy access to bulky items without having to reach deep into cupboards

KendalDove Grey

Understated dove grey in a matt finish is the perfect match for this timeless shaker design; this elegant look is incredibly versatile and can be styled traditionally or with a contemporary twist, offering you ultimate flexibility.

HeritageBone

This country classic has been given an elegant modern twist by the addition of a stunning in-frame design. This elegant shaker-style kitchen is painted in the softest bone, with hints of woodgrain showing through for a timeless look.

Heritage Sage

Heritage Sage is inspired by the shaker style; a simple, functional, classic design that never seems to age. Beautiful woodgrain can be seen through the matt sage painted timber-framed doors - a nod to craftsmanship and period styling.

Esker

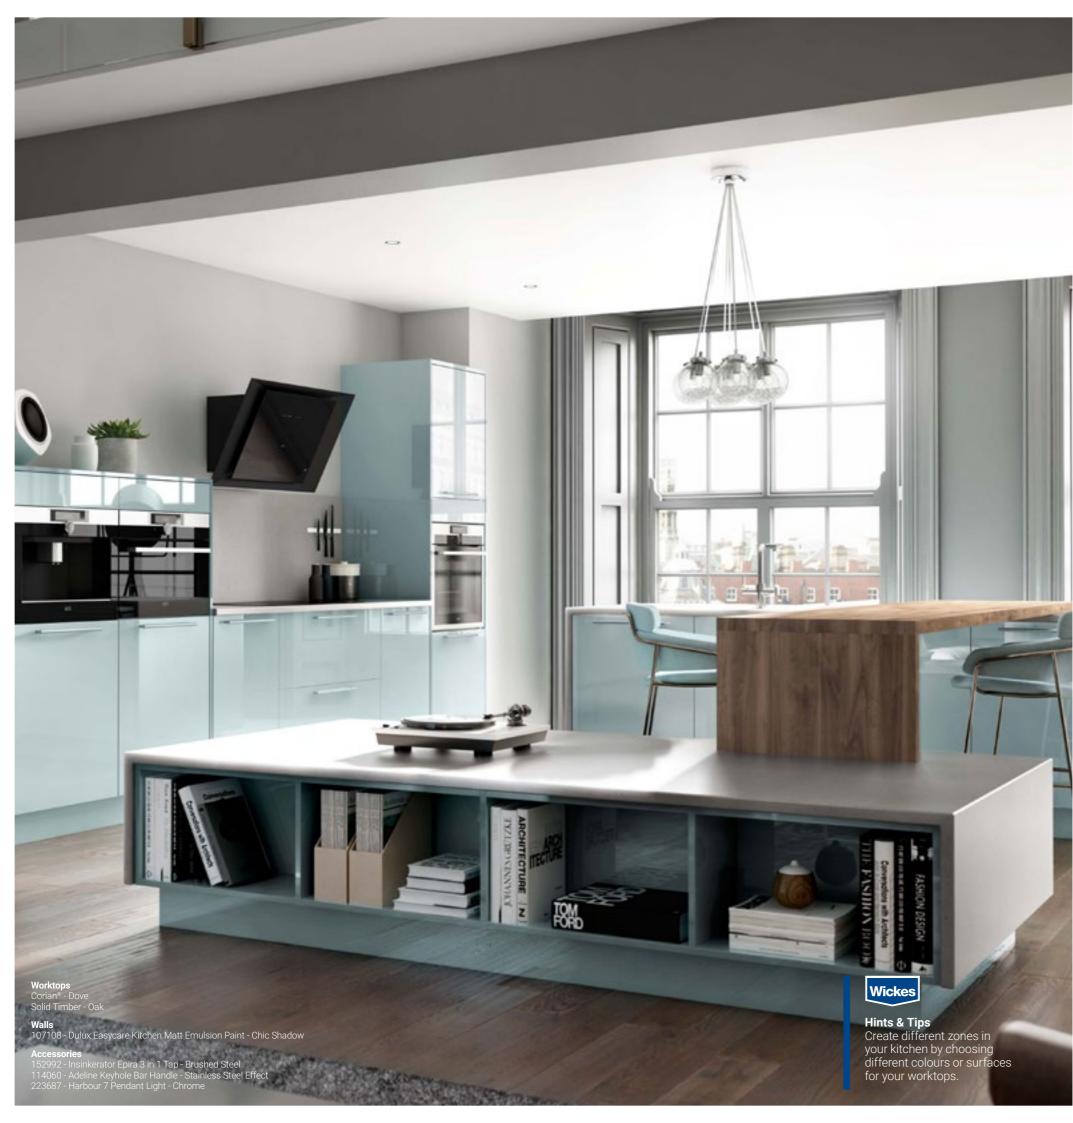

Ice

If you're looking for that pure white, ultra gloss minimalist look, Esker Ice ticks all the boxes. With its highly reflective, tough acrylic finish, it creates a beautifully fresh, bright space that manages to be both luxurious and family-proof.

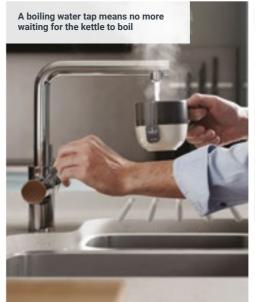

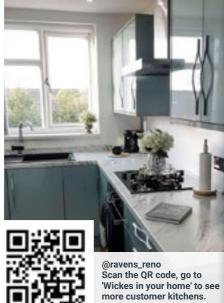

Esker Azure

Make a unique and colourful kitchen statement with Esker Azure, our highest shine, ultra-strong acrylic finish with the lustre of metallic blue and a subtle shimmer. Pair with natural tones and textures or mix things up by introducing Esker Ice units or drawers.

Glencoe White

This simple, high gloss white slab kitchen, with wraparound edges, gives you all the essentials to create your own unique style. Its versatility means you can match it confidently with any paint, flooring, worktop or splashback and be reassured that it will look great.

Glencoe Cream

A high gloss slab kitchen that promises durability and versatility in equal measure. Smooth wraparound edges add a touch of elegance, while the rich cream colour lends warmth. Beautiful against wood and stone, but flexible enough to work with all colours and textures.

MelroseDove Grey

This modern matt slab-style design uses fingerprint-resistant surface technology to make sure that it stays beautiful, however busy your kitchen gets. The cool grey colouring is extremely versatile, so it looks great against any combination of colours and textures.

This pop-up hood hides within the worktop and is the ultimate statement piece for island cooking

Scan the QR code, go to 'Wickes in your home' to see more customer kitchens.

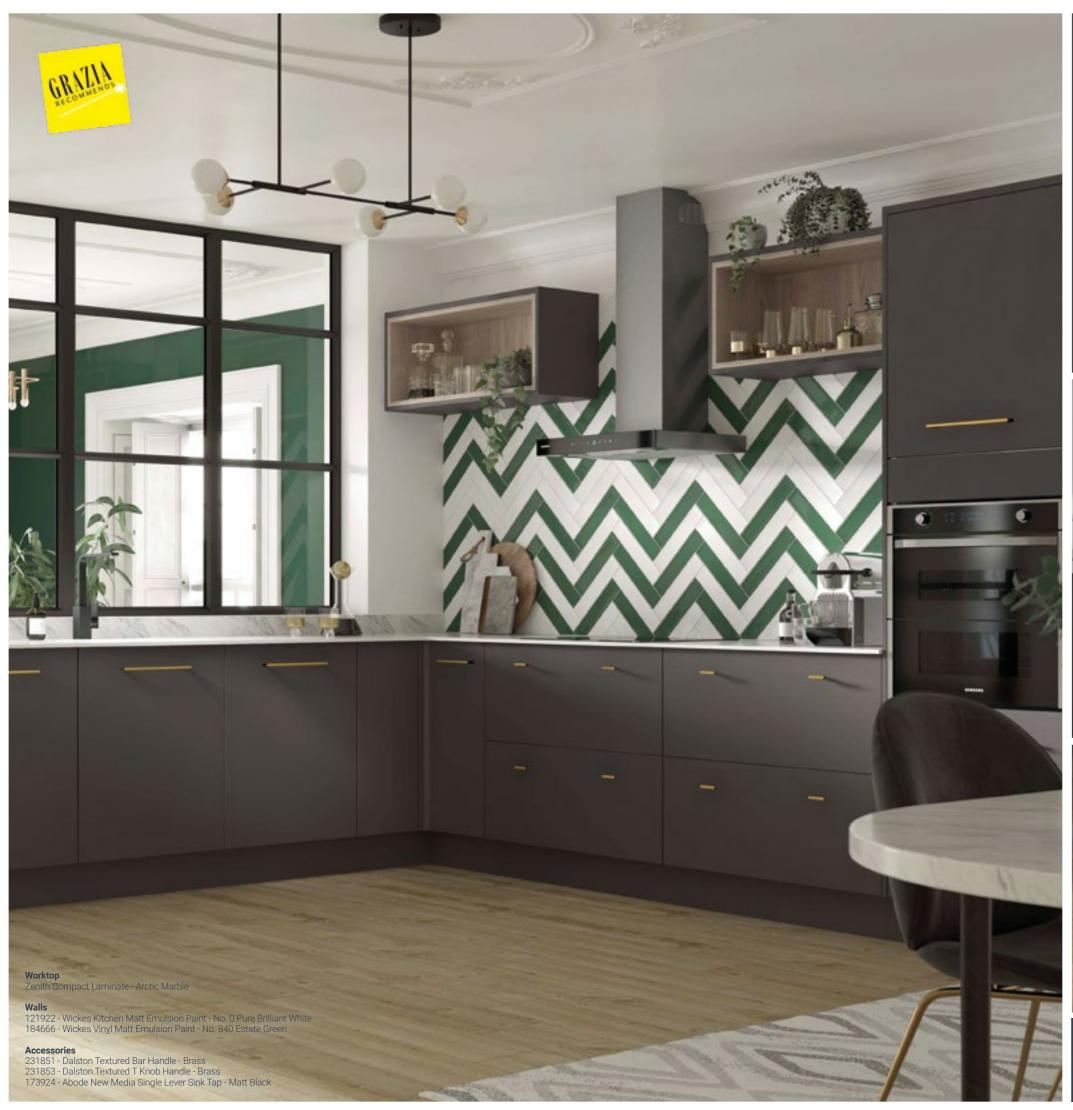

Melrose Pewter

Melrose's smooth slab-style design is chic and sophisticated in gloss pewter. It can be styled on its own or mixed with different coloured matt finishes in the Melrose range for a stylish contrast.

Melrose Carbon

Make a statement with Melrose's sleek slab design in this strikingly dark carbon colourway. The satin smooth matt finish has fingerprint-resistant technology which is both elegant and practical, either on its own or combined with one of Melrose's other finishes.

See what our customers are saying on Trustpilot

Really pleased with the quality of the kitchen units and the whole process Nearly preaded with the quarry of the Niconerrum and the whole process with Wickes. From the home visit to seeing the plans and adjusting units to will violes. From the normer visit to seeing the plans and adjusting them has been meet my needs and then delivery in a timely manner, everything has been hassle free. The quality of the units is superior to other brands I've used in the past and incredibly sturdy. I'm very pleased with the finished look

Just recently had a new kitchen installed and I can't fault the process from start to finish. The kitchen designer was thorough and listened to what we wanted. The installers had an amazing work ethic and did an amazing job, totally transforming our kitchen, kept us updated with everything. We are thrilled with our kitchen.

Andrew B

Sales service in the showroom was helpful, informative and friendly. The delivery team were great. The installation team were excellent. Installation took 4 days and everything was left clean and tidy. I am extremely happy with my new kitchen. Loving the walk in larder, it is so large that I don't need any top cupboards which really opens up the kitchen.

Nicki J

Check out over 30,000 reviews*

Really helpful and friendly designer, listened to our needs and ideas and came up with good suggestions. Really pleased with the workmanship, friendly, clean, tidy. We are so pleased with our kitchen. Really recommend Wickes.

Helen

From the very first contact right through the design process we had excellent service from our Design Consultant. He fully understood our requirements and limitations and our budget. His explanations were a model of clarity and patience.

John W

Having checked out a couple of other kitchen showrooms, Wickes were more efficient and accommodating. No hard sell and less hassle. Everything was fully explained and a simple process. Units and accessories soon selected with ease and a good quality product. Date arranged for visit with Design Consultant together with date for us to revisit showroom only 1 week after designer had seen us. Goods ordered and delivered on time only 3 weeks later. Good experience all round.

Solid Surface

Corian® by DuPont® - A 12mm solid surface material made from one third acrylic resin and two thirds natural minerals that sits on a moisture resistant 25mm MDF subframe. Its seamless joints make it the perfect choice for expansive stretches of worktop, seamless sinks and coved upstands.

apollo® Granite - One of the hardest natural substances on earth, no two pieces of Granite are alike, so each piece reveals a beautiful unique individual finish. Granite is a naturally porous material which needs to be sealed continuously.

Solid timber - Crafted from hardwood staves, joined together and finely oiled. A timber worktop has an anti-bacterial, smooth, water-repellent finish

apollo® Quartz - An engineered stone made from 93% quartz and 7% polymer resin, to give consistent colour and finish. A stunning option that retains its lustrous gloss over the years with minimal upkeep.

Silestone® Quartz - Creates the look and feel of granite but provides a more solid colour, with options for mirror flecks, natural stone and concrete effects.

apollo® Ceramicá** - An engineered stone, made of 100% natural materials with no resins or fillers, formed through intense pressure and heat to create a stone surface which is incredibly durable.

apollo® Recycled Glass - Made from 70% recycled glass, 20% powdered quartz and 10% high performance polymer resin. The result has the look and feel of quartz, enhanced by reflections and refractions from the coloured glass chips.

apollo® Magna - A solid through-coloured 6mm mineral material on a 28mm chipboard core, making it a much more versatile alternative to laminate worktops.

apollo® Slab Tech - A non-porous, silky smooth material that's suitable for the creation of seamless solid surface sink installations. Slab Tech maintains the same colour throughout the thickness of the worktop.

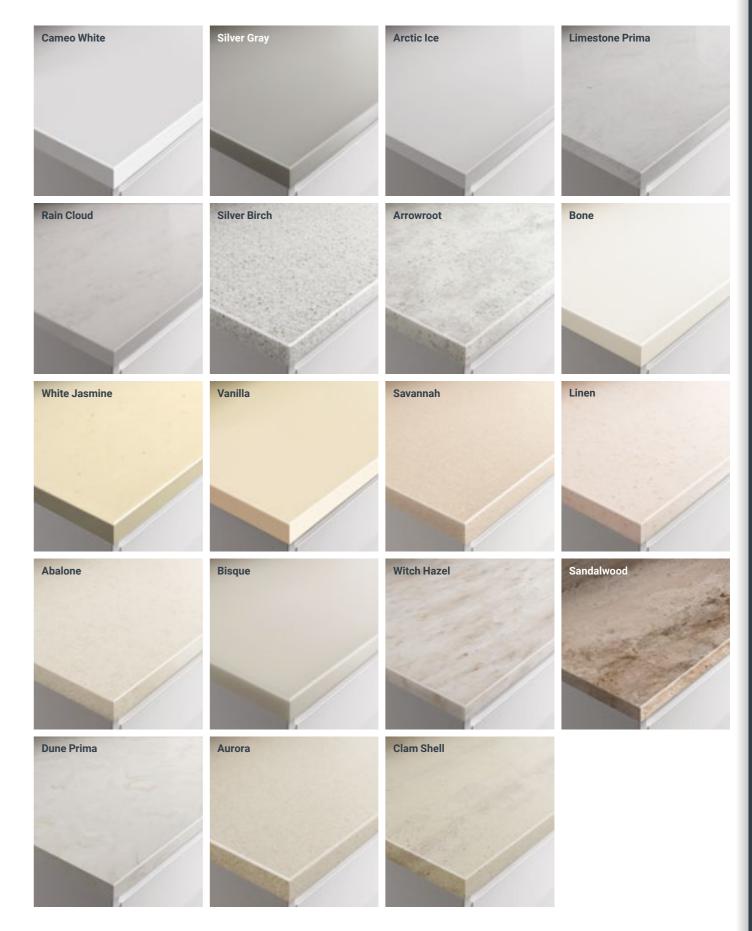

Laminate

Zenith compact laminate - Use Zenith compact laminate to create a premium look and feel in your kitchen. Zenith worktops are super slim, super tough and 100% waterproof, so they look and perform like stone or ceramic without the long and expensive fitting process.

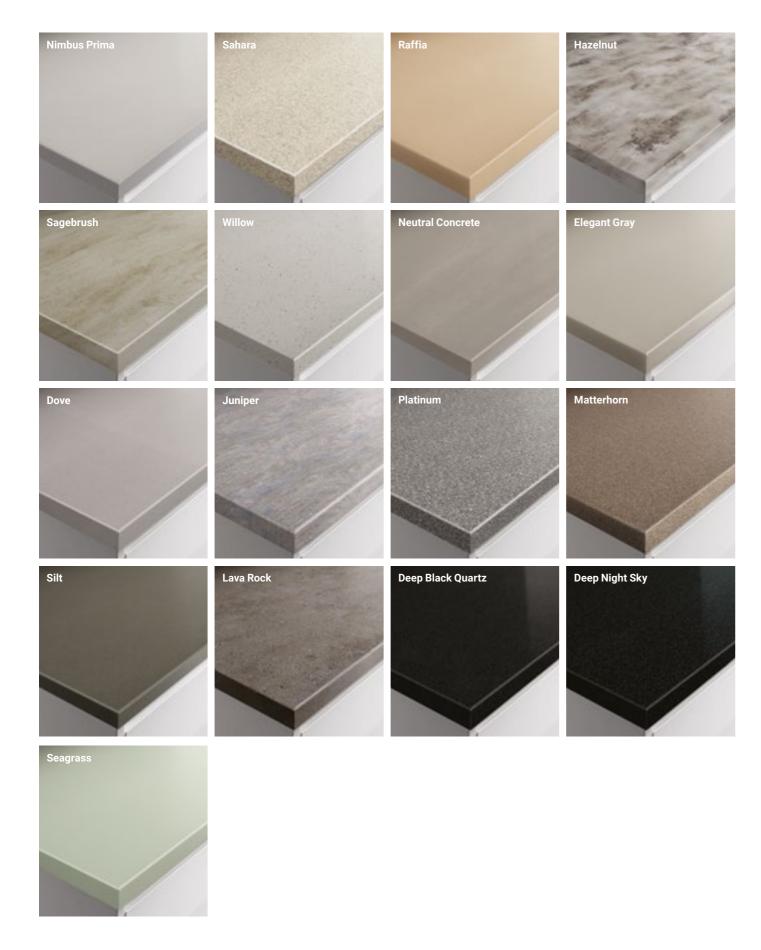

Laminate - In wood, stone, quartz and marble effects, laminate worktops are a great way to create a realistic finish at an affordable price point. With beautiful designs, lifelike textures and square edges, Wickes laminate worktops and breakfast bars look and feel great in any contemporary kitchen design.

Sinks

Whether you're looking for longlasting stainless steel, high gloss ceramic or ultra-strong granite. we have a wide selection of designs to suit you.

Surfaces

Stainless Steel - The classic choice. It is very hygienic, will resist any temperature and is absolutely timeless.

Ceramic - Our fireclay sinks are harder than metal, scratch-resistant and hygienic.

Granite - Granite composite sinks are formed under high pressure, making them resistant to scratches, stains and heat.

Bowls - Most sinks are available with either 1 or 1.5 bowls, depending on your requirements, and there is also the option of a double bowl in some styles.

Overmount - An overmount sink drops into a hole in your worktop and there will be a lip where the sink balances on the surface.

Undermount - Undermount sinks sit under the worktop, which can offer a smoother, more streamlined look. Please be aware that undermount sinks are not suitable for use with some worktops; your Design Consultant will be able to help you decide on the best choice

Stainless steel sinks

Carron Phoenix Ibis 100 1 Bowl Sink

Modern, linear design and a low perimeter edge means an almost seamless finish with the worktop.

Compact living

Whether you live in a cosy country cottage or an inner city studio, our designers will get the most out of any space and prove that working with a size limit no longer means compromising on style or function.

- This integrated hood slots cleverly under your wall units and will take away unwanted steam and smells
- This two-zone induction hob takes up half the space of a standard version
- Integrating your microwave into your wall units frees up valuable worktop space
- This Abode compact sink is half the usual size.
 We've fitted it portrait to save space
- Pull down wirework storage will help you make the most of hard to reach space at the top of your cupboards
- Fitting a plinth heater means that you don't need to waste wall space on a radiator
- 7 This under the counter fridge with built-in freezer compartment has an integrated cabinet door for a seamless finish
- There's enough space for you to install a full size oven
- Installing a wireless Qi phone charger means that your worktop won't be crowded with messy wires
- One third slimmer than a standard model, this slimline dishwasher will still fit 9 place settings

Utilise your space the clever way...

See our inspiring range for yourself

With over 230 stores across the UK, there's a showroom near you with a great collection of kitchens on display.

Alternatively, explore our kitchen showroom from the comfort of your own home.

View our online showroom tour at wickes.co.uk/online-showroom-tour or hover your smartphone camera over the QR code to to get started

Multi-functional kitchens

Kitchens have become so much more than simply places where we do the cooking. They're the heart of the home, where friends and family gather to work, rest and play. Whatever you need your kitchen to be, we can create the solution that works for you.

Forget working at the kitchen table, integrate a workspace into your kitchen design for an adaptable, multi-purpose space for all the family.

Keep your kids' arts and crafts close at hand with their own low level storage space.

Kick off your muddy shoes, hang up your wet coats and keep all your outside gear tidily stored away in our kitchen cloakroom.

Staying in is the new going out. Include a drinks bar, with built-in fridge, in your plans and become the ultimate host.

Pantries are back and better than ever. View all your ingredients in one place for easy access and inspiring meal planning.

Appliances

An appliance from Wickes is the easiest and most efficient way to complete a kitchen. We remove the hassle of shopping around and our Design Consultants can tailor designs to suit any kitchen layout with integrated or freestanding appliances, no matter the size of your kitchen or your budget.

Our diverse selection offers great value and state-of-the-art technology by market-leading brands such as:

SAMSUNG

Ovens

Whatever your style of cooking, we offer innovative technology for all your requirements and designs to suit your lifestyle and decor.

Steam cooking

Cooks more evenly and enhances flavours and textures by preserving more of your food's nutrients. Delivers heat more effectively so you can cook at lower temperatures.

Multifunction cooking

Combines all the benefits of grill, fan, conventional or microwave cooking into one single oven – perfect if space is at a premium.

Fan cooking

Distributes heat more evenly so you can cook using lower temperatures and more quickly, saving you money and time.

Keeping control

Command wheel

Current cooking settings shown on a clear colour LCD display, controlled by a responsive command wheel.

Touch

Touch controls are easy to use and add a sleek and sophisticated look to the kitchen.

Retractable

Deluxe retractable controls and an interactive LCD display provide a flush finish for easy cleaning.

Rotary

A traditional oven knob for simple programme and temperature selection.

Oven controls

Experience cooking with maximum ease, comfort and style at your fingertips.

SAMSUNG

Steam cleaning

A special pre-set programme helps you to loosen food residue inside the oven for easier cleaning.

Pyrolytic cleaning

This is a self-cleaning programme that heats the oven up to 500°C whilst safely locking the door during the session. Food residue is turned to ash for you to simply wipe clean.

Self cleaning catalytic liners

The special coating on these catalytic-lined cookers and ovens oxidises grease and residue when heated to 200°C, meaning you can clean as you cook.

Easy cleaning enamel

Smooth enamel lining makes it quick and simple to wipe away grease and spillages from the oven's interior.

Cooker Control & Cleaning

Hobs

From gas to induction, our hobs offer their own benefits and features with various burners and cooking zone options.

Induction

Induction technology is the fastest, safest and most energy efficient way to cook on a hob, heating the pan directly with no pre-heat required.

Dual Fuel

Get the best of both worlds with our dual fuel hob. Choose whether to use gas or electric to get your cooking just the way you want it.

Gas

A traditional choice that provides controlled cooking with instant heat and flexibility. All gas hobs feature flame safety devices for your peace of mind.

Style and choice

We offer a wide range of styles, sizes and fuel types making it easy for you to find the perfect Rangemaster for your kitchen.

ingredients
It can take weeks to carefully craft a Rangemaster.

The right

The highest gauge steel is pressed, cut, washed, polished, and finally enamelled with an endurance finish. The frame is triple folded, creating a unique encasement for some of the highest quality components you'll find.

Hoods

Functional and stylish, hoods can add a unique focal point to your kitchen or be seamlessly concealed to save space.

Integrated

Integrated hoods are installed seamlessly, helping to create open living and cooking spaces.

Island

Make your island the real focus of the kitchen by complementing it with an island hood, combining the practicality of a hood with the elegant design statement of a centrepiece light.

Designer

Streamlined and elegant, a designer hood will bring a bold and unique feel to your kitchen.

Chimney

From traditional to ultramodern styles, these designs will create a stunning statement piece in your home.

Compact appliances

Create a perfect workspace within your kitchen using our range of compact appliances. These can be horizontal, vertical or a group of four or more.

Compact ovens & microwaves

Powerful performance in a small design. This range offers the same great cooking performance and range of features as the full size equivalent.

Warming drawers

The AEG Vacuum Sealer Drawer lets you apply the professional sous vide cooking method at home, perfectly sealing in flavour, moisture and nutrients. Our warming drawers will keep your dishes at the perfect temperature, ready to bring to the table.

Coffee machines

Enjoy the luxury of authentic Italian espressos and creamy cappuccinos in your own home with these stunning additions to your kitchen.

Laundry

From seamless integrated washing machines to combined washer dryers, our range offers the latest technology while providing high energy efficiency.

Integrated washing machines

We have a wide selection of integrated washing machines to suit your needs.

Washer dryers

These space-saving models are a standard built-in size, but they can still wash large loads and dry items up to 4kg.

Freestanding washing machines

Freestanding washing machines can give you design flexibility whilst increasing load capacity.

Our range of dishwashers are available in standard and slimline to suit all spaces.

Slimline 45cm

If you need to save space in your kitchen, the slimline is perfect – and you won't lose any of the functionality or energy efficiency of a 60cm.

Standard 60cm

These dishwashers are ideal for a larger capacity, flexible racking and have a number of specialist programmes that deliver great results.

ComfortLift®

The unique AEG
ComfortLift® dishwasher is
the first dishwasher in the
world that lets you gently
slide and lift the lower basket
upwards.

Hints & Tip

Plan your waste bin and your dishwasher on either side of the sink, so you can scrape the plates and load up the dishwasher with less moving around.

Cooling

Our wide range of cooling appliances includes different designs, benefits and features by market-leading brands NEFF, AEG, Electrolux and Zanussi.

Fridges

Our fridges can be integrated, which is ideal for smaller kitchens. These products have a variety of capacities to suit any kitchen size.

Freezers

We have a range of frost-free freezers, which will ensure that the appliances are as efficient as possible.

Fridge freezers

Choose a 50:50 or 70:30 split to suit your family's lifestyle requirements. If you have a large family or entertain regularly, there's also the option of one of our freestanding American fridge freezers.

Wine coolers

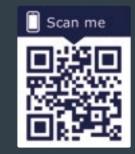

Wine coolers are stylish and can be easily integrated under your work surface or within a kitchen island. Optimum storage ensures your wine tastes better for longer by protecting it from heat, light and humidity.

Unlock a Wickes kitchen

Check out our easy to follow recipes that showcase some of the best AEG appliances and kitchen features, helping to take your cooking to the next level.

Clever solutions

From smart appliances to clever storage options, we have some of the latest solutions to ensure that your kitchen is as practical and stylish as possible.

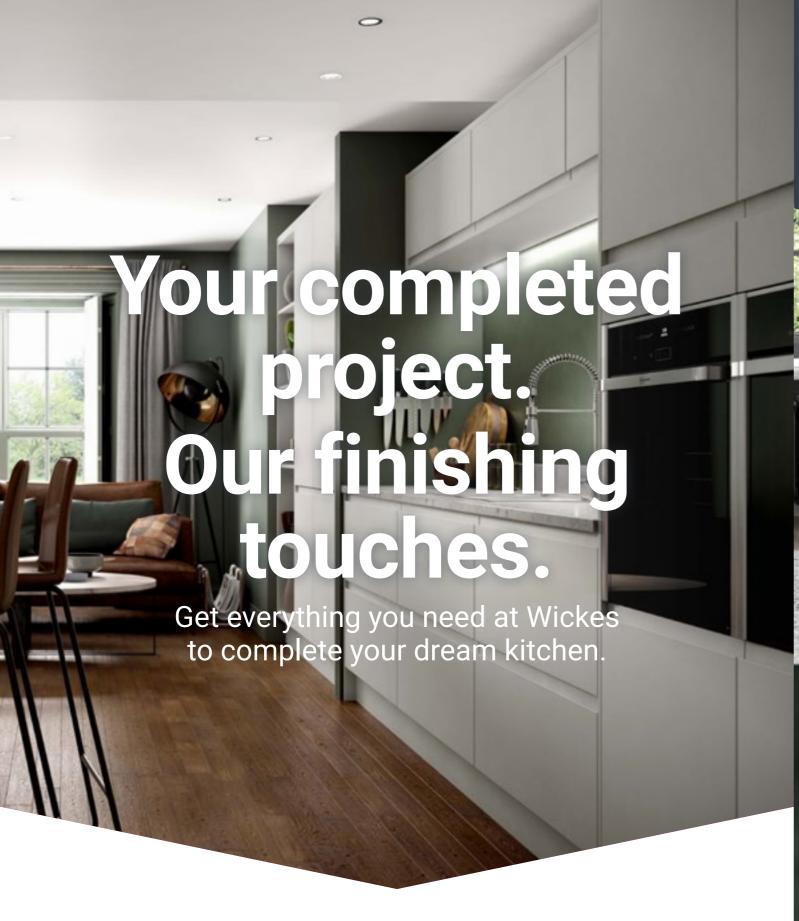

Wireless Phone Charger

Integrate this clever charger into your work surface and you will be able to charge your Qi-compatible mobile with no need for messy wires in the kitchen.

Space Towe

The Space Tower from Blum reinvents the storage possibilities of larder units. Every inch of your cupboard becomes easier to access, allowing you to make the most of your storage space. Shown here with our grey cabinet interior.

Create the lighting mood you want; from soft and intimate to bright and practical

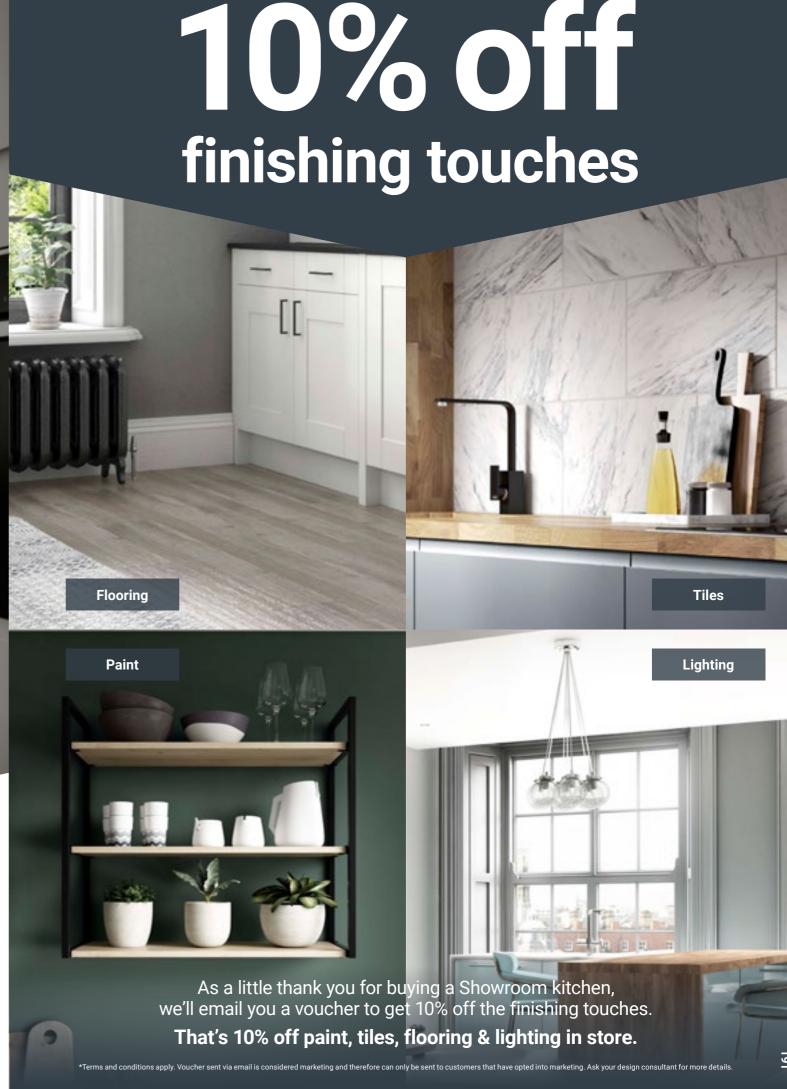

Choose your flooring.
From natural wood to laminate, cool ceramic to underfloor heating

Set off your work surfaces with our wide selection of tiles and splashbacks

Find your perfect paint colour. Our range includes tough, washable ones for busy kitchens

Design & Installation Services

Design & Installation Services

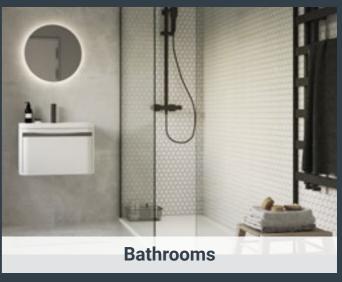

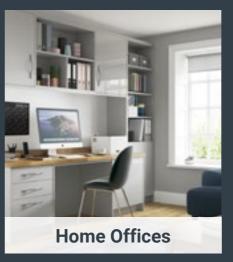

With you every step of the way

We have everything you need to complete your next project, from design right through to installation. As well as kitchens, our Design & Installation Services team can help you with a variety of other projects in your home including bathrooms, home office, tiling and flooring.

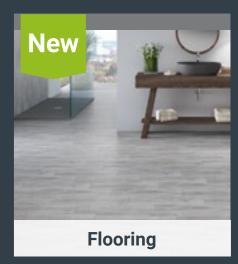

Our experienced Design Consultants and Wickes-approved Installers will help plan your space and support you through every step of your transformation. Our installation service includes a 2 year workmanship guarantee on top of all your product guarantees so you're fully covered with us.

Tell us how you'd like to work—in person, or virtually—and we'll help you get scheduled for your initial consultation. In the meantime, gather your ideas, think about what you love and need for your new project. At Wickes we can take care of everything to complete the look you are after.

Browse our brochures

Our brochures are packed full of inspirational ideas, tips and advice. From Appliances to Paint, we have everything you need to visualise and complete your next home improvement project

Our range of integrated and freestanding appliances offer budget-friendly essentials plus state of the art technology from market-leading brands.

Working from home is here to stay and our Fitted Home Office brochure will help you find the right one for you, whether it's part of a kitchen or hallway or converting a spare room.

We can help you design your dream bathroom with our range of bathroom suites, furniture and accessories to suit every style and budget.

Key unit dimensions

Not all units are available in all ranges and styles may vary.

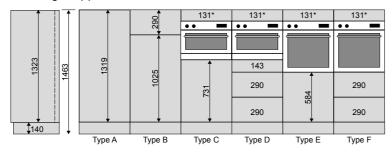

Standard Appliance Cabinets

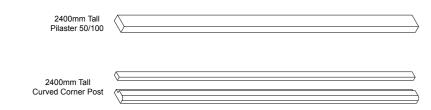

*131 and 110 filler may be required to be cut down to suit various appliances

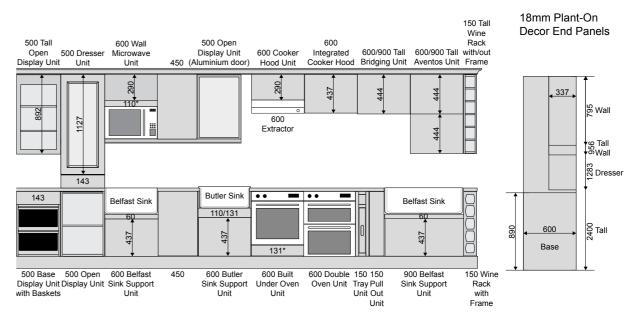

Mid Height Appliance Cabinets

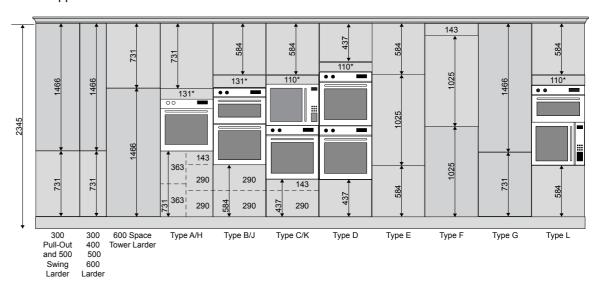

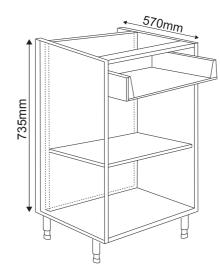

Tall Decorative Posts

Tall Appliance Cabinets

- All base cabinet legs are adjustable to allow for uneven floors
- 68mm service void allows pipework and cables to be neatly hidden behind the back panel
 Cabinets are made from 18mm thick MFC panels,
- with a 12mm full height thick back panel

 Shelf supports can be moved about within the
- cabinet to suit your storage requirements
- Drawers have 15mm bottom panels and will hold up to 25kg
- Drawers are fully extendable, allowing you to reach the back easily
 Soft Close on all doors and drawers prevents
- trapped fingers and is quieter
- Fully adjustable Blum hinges allow for perfect alignment on all doors
