appointment

Virtual or in store, it's your choice. Book your appointment at

wickes.co.uk/ designconsultant

call us on 0800 011 3031 or drop into one of our stores.

your ideas

Think about what vou'd love and what you need in your new kitchen. You can follow us on Pinterest and Instagram to find inspiration.

consultation

Meet with your Design Consultant either virtually or in person to discuss your ideas and how to make the best use of your space.

We'll arrange a meeting. either virtually or in store, to reveal your tailor-made 360° virtual kitchen design and demonstrate your chosen products.

your order

Once vou decide to buy, we can talk you through our flexible payment options.

your installer

Your installer will visit to do a technical installation survey and double check everything is in order.

If you choose your own installer, we'll meet with them to ensure things run smoothly.

delivery date

We'll arrange delivery and schedule your kitchen installation (if you've chosen our Wickes installation service).

prepared

When your kitchen arrives. it could take up a lot of space so make sure you have cleared enough room to store it. You'll also need to empty out your old kitchen and set yourself up with a temporary one in another room.

transform

Now the exciting bit! We'll remove your old kitchen and dispose of it in an environmentallyfriendly way*, then start installing your new kitchen.

new kitchen

Once your kitchen has been installed, we'll contact you to check you're happy with everything.

Our experienced Design Consultants will support you through every step, from planning and design all the way through to installation and aftercare.

Get expert design input on your ideas and be inspired by clever space-saving solutions

Our Design Consultants know our products like the back of their hands so they can design a kitchen that works for you and your lifestyle. From branded appliances with special cooking functions to dishwashers designed to save your back, even integrated wireless chargers for all your gadgets. And to make full use of your space, they'll talk you through our clever storage ideas.

Meet your Design Consultant either virtually, through an easy to use video call, or in person

They'll discuss measurements and your options as well as offering their own ideas.

Take a tour around our Showroom Kitchen displays through an easy to use video call, or in person

Explore our kitchen showroom from the comfort of your own home with our online showroom tour at wickes.co.uk. See products come to life as you open cupboards, drawers and so much more.

See your dream kitchen brought to life with our virtual 360 tool

Once your Design Consultant has heard your ideas and seen your space, they'll use their know-how to design your new kitchen. You'll be invited into store or to a virtual meeting where they'll do product demonstrations and reveal an interactive 360° illustration of how everything will look.

Complete the look. We'll help you find the worktops, sinks, taps and splashbacks to suit your style

We offer so much more than kitchen cabinets and worktops. Your Design Consultant will help you personalise your kitchen with complementary appliances, sinks, taps and handles as well as lighting, tiles, paint and flooring.

Virtual or in store - it's your choice

We understand everyone is different: that's why we offer virtual or in store appointments at each stage of the journey, from browsing our showroom to selecting your finishing touches. Speak to your Design Consultant to confirm what's right for you.

Our kitchens are built to last. We're so confident that we guarantee them for 20 years*.

Our hard-wearing units, hinges and drawer runners are guaranteed for 20 years.

Don't worry. Even heavy use doors and drawer fronts are covered for 10 years.

Be inspired by top brand names and innovative smart technology.

Don't just take our word for it. Read our excellent customer reviews on Trustpilot.

^{*}Cabinets (units, hinges and drawer runners) are included in the 20 year guarantee. Doors and drawer fronts are guaranteed for 10 years. Blum hinges and drawer systems are guaranteed up to 20 years. These guarantees apply on Showroom kitchens and do not affect your statutory rights.

Your trust. Our installers.

Our local, trusted installers can take care of everything; from plumbing to fitting, gas to electrics, lighting to tiling.

Enjoy peace of mind. Wickes will manage your project and sort any issues along the way

Our experienced installers will fit your kitchen to the highest standard, whilst adhering to additional safety measures we've put in place, so you can relax knowing that your kitchen is in safe hands.

Our Wickes-approved installers will complete a full technical survey before your job begins

Once you've decided to go ahead with your new kitchen, we'll introduce you to your Wickes-approved installer. They'll come to your house, before the installation begins, to carry out a detailed technical survey to check that everything is in order. You can also use this time to discuss any work that needs doing such as gas, electrics or plumbing.

Our service includes the environmentally-friendly disposal of your old kitchen

Before we install your new kitchen, we'll remove your old one as part of our service, making sure that it's disposed of in a professional, environmentally-friendly way*.

Receive a 2 year workmanship guarantee on top of your kitchen guarantees

We want you to be completely happy with your installation, knowing that everything has been fitted safely and correctly. Once it's been installed, we'll provide you with a 2 year workmanship guarantee on top of any product guarantees.

If you choose your own installer, we'll still meet with them to ensure things run smoothly

We would always recommend you use our installers but, if you would prefer your own fitter or builder, we are more than happy to meet with them, to go over the plans and any details, once you've placed your order. We'll do all we can to make your kitchen fitting go as smoothly as possible.

The Institute of Customer Service – the independent, professional membership body for customer service - has awarded our installation team a ServiceMark with Distinction following top marks from 90% of Wickes' customers they surveyed.

^{*} Excludes fridges and freezers.

Our kitchen styles explained

It's easy to book a free appointment with a Design Consultant. Call 0800 011 3031, visit wickes.co.uk/designconsultant or hover your smartphone camera over this QR code.

What is an Intelliga kitchen?

Our most premium range of truly handleless kitchens. A discreet metal rail is built into the cabinet, creating space to reach the doors and pull open with your hand. Drawers are opened with either a push or pull, leaving you with the most stunning seamless and streamlined look.

What is a **Shaker kitchen?**

Shaker-style doors generally consist of a 4-piece frame with a recessed centre panel. The frame is traditionally wide, whilst the Chester range offers a more contemporary narrow option. Our Heritage range is a shaker-style door within a frame, which offers a different take on this timeless classic.

What is a J-Pull kitchen?

J-Pull is a handleless style that has a 'J' shaped curve built into the top of the cabinet door or drawer front, perfectly shaped to pull open. This gives a sleek modern look to your kitchen.

What is a Slab kitchen?

Slab doors and drawer fronts are clean and simple, offering the perfect blank canvas for a modern look. Pair with a strap handle for a contemporary look, or use cup and knob handles to make it more classic.

Your style.

Find the style and colour you love from our inspiring range.

Our range.

From classic to modern, light to dark, matt or gloss, with or without handles, choose the door design that's right for you.

Our cabinets offer high quality construction backed by our 20 year guarantee, alongside a grey colour option to complement your style. Both colour options are available across all of our kitchen ranges.

Sandford Cloudy Blue

The subtlety and sophistication of Sandford's warm, blue painted finish, combined with the sleek lines of Intelliga, will give you a stunning, modern kitchen. A slab door is a natural choice for Intelliga's handleless design and offers a beautifully seamless look.

SandfordForest Green

The opulent look of this deep rich green slab door, paired with the premium finish of Intelliga, will mean that your kitchen has real impact. This most contemporary and on trend of colours is flexible enough to give you multiple styling options.

Book a FREE design appointment at wickes.co.uk/designconsultant or call 0800 011 3031

Sandford Midnight

Sandford is a modern slab door with a premium satin painted finish, and will work brilliantly with the handleless look of Intelliga. The rich dark blue of the Midnight doors and drawers will give your kitchen a really aspirational style.

Esker lce

Sleek and chic, simple yet sophisticated: create a bright, open space without a handle in sight with these slab-style single-touch doors and drawers. Esker's almost pearlescent white fascias contrast with the toughness of the highly reflective, acrylic finish.

Esker Azure

Esker Azure's high-shine finish has a mesmerising light transitioning effect, so it looks almost metallic. The bright blue acrylic brings a touch of the outside in, working beautifully with natural materials like wood and stone.

Chester Grey

The shaker look is a timeless classic made ultra modern with Chester's narrow frame and gentle grey painted finish. Blending this with Intelliga's clever handleless design presents a smooth, streamlined kitchen that is sure to impress.

Chester Cloudy Blue

Cloudy Blue is a beautiful addition to the Chester palette and works strikingly with other Chester colourways. When combined with the sleek, handleless look of Intelliga, it will take your kitchen to the next level.

Chester Midnight

The rich dark blue of Chester Midnight's painted doors will make a statement in any kind of kitchen. Combining this with the sleek handleless finishing of Intelliga evolves the narrow-framed shaker into the ultimate designer look.

ChesterForest Green

The narrow-framed shaker style of Chester's doors complements the sleek handleless look of Intelliga. The impact of the deep rich green tones gives an opulence that will really make an impression.

Melrose White

Create a silky smooth bright white kitchen in gorgeous high gloss for an effortless designer look and fresh, spacious feel. Intelliga's handleless design offers streamlined simplicity, providing a beautiful blank canvas. Pair with an aluminium rail for subtle minimalism, or black for a bolder statement.

MelroseDove Grey

Seamlessly stylish, this pale grey matt design works as well in a classic, rural kitchen as in a modern, urban setting. It blends beautifully against any tone or texture, and with fingerprint-resistant technology and a true handleless design, Melrose always looks its best.

Melrose Pewter

Melrose's gloss pewter finish gives a contemporary feel which combines flawlessly with the sleek finish of our truly handleless Intelliga design. Play with textures by pairing with matt Melrose doors in other colours for a truly statement kitchen.

Melrose Carbon

Be bold with our carbon colourway. Melrose Carbon is dramatic and stunning in equal measure. With fingerprint-resistant technology, the satin smooth matt finish is both practical and contemporary. This truly handleless design has an understated elegance that is totally breathtaking.

Sofia White

The sleek lines of Sofia's integrated handles combine with high gloss white minimalism. The J-pull design means cupboards and drawers are easy to open while the clean, bright look of the lacquered finish accentuates the feeling of space.

Sofia Cream

Blending smooth minimalism with a touch of warmth, Sofia Cream's high gloss ultra-modern style has discreet integrated J-pull handles for a streamlined look. The strength of the lacquered finish contrasts with the softness of the curved corners.

Sofia Cashmere

Sofia Cashmere's sumptuous creamy grey is extraordinarily versatile, as comfortable in a homely atmosphere as it is in a fresh and edgy kitchen. The curved corner cabinets and integrated J-pull handles add a gentle touch to its durable high gloss lacquered finish.

Sofia Pewter

Sharp and streamlined, this smooth design has a clean, minimalist look in a soft, silvery grey. Its integrated J-pull handles and high gloss lacquered finish keep lines flowing without interruption for the ultimate in contemporary styling.

Sofia Graphite

Sofia Graphite's minimalist design creates maximum impact. This high gloss, lacquered deep grey kitchen has a striking linear design for a clutter-free contemporary feel. It works beautifully against natural woods and stone, complementing any colour palette.

@thehousebytheshore Scan the QR code, go to 'Wickes in your home' to see more customer kitchens.

CamdenWhite

With its fingerprint-resistant satin smooth matt doors and drawers, this family-friendly kitchen is both stylish and practical. Integrated J-pull handles give it a contemporary streamlined look that suits any home, while its white colour is endlessly versatile.

CamdenDove Grey

A glorious combination of elegance and innovation. Camden's timeless soft Dove Grey has a silky matt, fingerprint-resistant finish for a sophisticated look that's as durable as it is stylish. The kitchen has integrated J-pull handles that emphasise a linear feel.

Camden Midnight

Make a bold statement in your kitchen with this striking midnight blue that will really make an impression. Camden Midnight mixes a matt fingerprint-resistant finish with a handleless J-pull design for a truly contemporary look.

Camden Carbon

Streamlined and considered, Camden Carbon has a dark, dramatic intensity that balances tone with style. The soft matt finish creates an air of contemporary sophistication whilst the fingerprint-resistant technology is great for everyday living.

Chester Grey

The smooth, matt, painted finish of Chester Grey, coupled with its individual narrow framed design, are a winning combination. The classic shaker style has been given a modern twist to create a fresh update, for the best of both worlds.

Chester Cloudy Blue

Bring colour back into your kitchen with this on-trend Cloudy Blue hue in our stylish Chester narrow-framed shaker. Cloudy Blue will evoke the feeling of the outdoors, bringing shades of the river and sky into your kitchen for a truly relaxing feel

Chester Midnight

This versatile shaker kitchen will suit any taste with its sleek narrow frame and rich midnight blue finish. The smooth painted matt doors will give your kitchen a striking look that will not fail to impress.

ChesterForest Green

Rich forest green allows you to transform your kitchen into a haven of tranquillity. The flexible Chester design means that you have multiple styling options to make your kitchen as individual as you are.

Tiverton

Bone

A truly stunning shaker-inspired kitchen with solid timber frames, Tiverton Bone has the versatility to blend seamlessly into any style of home. Painted in natural bone white, it can be made to look contemporary or classic.

Tiverton

Sage

This timeless shaker-inspired kitchen in muted green adds a touch of vintage sophistication to any home. Its timber-framed design makes a simple style statement. Complete the modern rustic look with natural wood and stone accents.

TivertonPebble

The earthy warmth of Tiverton Pebble heralds a new age for farmhouse style. Pebble's natural tones move away from the traditional cream of a country kitchen, meaning that it can work beautifully with both classic and contemporary styling.

TivertonNatural Oak

This shaker-inspired kitchen is crafted from solid oak; each piece has been specially selected for the unique characteristics and patterns of the authentic woodgrain which frames the veneered centre panel. Organic variations mean each kitchen is as individual as it is stunning.

Tiverton Slate

Bold yet understated, Tiverton Slate lends a sophisticated and modern edge to this classic style. The shaker-inspired solid timber-framed design is painted in a deep matt grey, with delicate cool undertones that will add a touch of elegance.

TivertonAnthracite

The bold darkness of Tiverton Anthracite evokes both luxury and opulence, offering a modern take on the classic shaker kitchen. It pairs brilliantly with brass or gold handles, and can also be combined with other colours in the Tiverton palette to stunning effect.

Milton White

Milton White is a striking matt white shaker-inspired design that combines the beauty of a natural woodgrain effect with durable, synthetic materials. This pure white, neutral design can be styled in countless ways and always looks impressive.

Milton

Bone

This elegant kitchen, with its natural warm undertones, has a classic shaker design which never seems to date. Milton's doors and drawers have the effect of authentic, beautifully painted woodgrain, with the durability and strength of man-made materials.

@a_hint_of_hagueblue Scan the QR code, go to 'Wickes in your home' to see more customer kitchens.

Milton Grey

Milton's natural woodgrain effect blends the beauty of wood with the strength of man-made materials. The shaker-inspired design, painted in a delicate matt powder grey, can be styled in a classic or contemporary direction, but will always look stunning.

@willow_cottage Scan the QR code, go to 'Wickes in your home' to see more customer kitchens.

Milton Midnight

A subtle twist on contemporary dark kitchens, Milton Midnight has a rich navy colourway with deep charcoal undertones. Based on a traditional shaker style, it has the charming effect of natural timber and the strength of man-made materials.

Kendal Cream

A subtle shaker kitchen with a silky smooth matt finish. The soft warmth of the cream colourway gives your kitchen a homely feel that can be styled to stunning effect with natural finishes like wood, stone or slate.

Kendal Dove Grey

Understated dove grey in a matt finish is the perfect match for this timeless shaker design; this elegant look is incredibly versatile and can be styled traditionally or with a contemporary twist, offering you ultimate flexibility.

HeritageBone

This country classic has been given an elegant modern twist by the addition of a stunning in-frame design. This elegant shaker-style kitchen is painted in the softest bone, with hints of woodgrain showing through for a timeless look.

Book a FREE design appointment at wickes.co.uk/designconsultant or call 0800 011 3031

@ohhoneywerehome Scan the QR code, go to 'Wickes in your home' to see more customer kitchens.

Heritage Sage

Heritage Sage is inspired by the shaker style; a simple, functional, classic design that never seems to age. Beautiful woodgrain can be seen through the matt sage painted timber-framed doors - a nod to craftsmanship and period styling.

Sandford Cloudy Blue

This slab door, painted a warm, dreamy blue, offers a truly premium finish to your kitchen, and has such versatility that it will suit any home. This most contemporary of colours works with a number of different accessory themes, but looks particularly stunning with black handles.

SandfordForest Green

The satin painted finish of this slab door offers a sophisticated premium look in stunning Forest Green, which really brings the outdoors in. This authentic, natural green shade looks incredible with brass or gold accessories, such as taps or handles.

Sandford Midnight

Midnight blue is one of our most iconic colours, and it is now available in an extremely elegant slab door. You could also consider a mix and match look by combining the deep blue of Midnight with the softer shade of Cloudy Blue.

Esker Ice

If you're looking for that pure white, ultra gloss minimalist look, Esker Ice ticks all the boxes. With its highly reflective, tough acrylic finish, it creates a beautifully fresh, bright space that manages to be both luxurious and family-proof.

Esker Azure

Make a unique and colourful kitchen statement with Esker Azure, our highest shine, ultra-strong acrylic finish with the lustre of metallic blue and a subtle shimmer. Pair with natural tones and textures or mix things up by introducing Esker Ice units or drawers.

MelroseWhite

This simple, high gloss white slab kitchen, made from premium MDF with the latest edge technology, gives you a base from which to truly personalise your kitchen. The best platform to showcase your personality and style, you can match it with any handle, worktop or splashback.

Melrose Dove Grey

This modern matt slab-style design uses fingerprint-resistant surface technology to make sure that it stays beautiful, however busy your kitchen gets. The cool grey colouring is extremely versatile, so it looks great against any combination of colours and textures.

This pop-up hood hides within the worktop and is the ultimate statement

Scan the QR code, go to 'Wickes in your home' to see more

Melrose Pewter

Melrose's smooth slab-style design is chic and sophisticated in gloss pewter. It can be styled on its own or mixed with different coloured matt finishes in the Melrose range for a stylish contrast.

Melrose Carbon

Make a statement with Melrose's sleek slab design in this strikingly dark carbon colourway. The satin smooth matt finish has fingerprint-resistant technology which is both elegant and practical, either on its own or combined with one of Melrose's other finishes.

We went to Wickes kitchen showroom for a design consultation. A great choice of products and some very clever suggestions from our designer. All the staff were friendly and with great "can do" attitudes. We're delighted with the results and looking forward to the fitting!

David Duncan

Professional, quality service. Our designer managed everything for us and was always on hand to sort out any questions or issues quickly and without fuss. I would highly recommend Wickes to anyone considering a kitchen or bathroom update.

David

We have had Wickes design and fit our new kitchen which we are thrilled with. There were no problems at all from the attention we got from our design consultant, who was very patient and keen we got just what we wanted to the installers who did a marvellous job making it all come together with the electrician. They cleaned up every night and were polite and pleasant to have in our home. Would not hesitate in recommending!

Design & **Wickes** Installation Services

Design & Installation Services

With you every step of the way

We have everything you need to complete your next project, from design right through to installation. As well as kitchens, our Design & Installation Services team can help you with a variety of other projects in your home including bathrooms, home office, tiling and flooring.

Our experienced Design Consultants and Wickes-approved Installers will help plan your space and support you through every step of your transformation. Our installation service includes a 2 year workmanship guarantee on top of all your product guarantees so you're fully covered with us.

Worktops

We have a worktop to suit every budget with almost infinite design possibilities. You'll be spoilt for choice.

Solid Surface

Corian® by DuPont™ - A 12mm solid surface material made from one third acrylic resin and two thirds natural minerals that sits on a moisture resistant 25mm MDF subframe. Its seamless joints make it the perfect choice for expansive stretches of worktop, seamless sinks and coved upstands.

Granite - One of the hardest natural substances on earth, no two pieces of Granite are alike, so each piece reveals a beautiful unique individual finish. Granite is a naturally porous material which needs to be sealed continuously.

Solid timber - Crafted from hardwood staves, joined together and finely oiled. A timber worktop has an anti-bacterial, smooth, water-repellent finish.

Quartz - An engineered stone made from 93% quartz and 7% polymer resin, to give consistent colour and finish. A stunning option that retains its lustrous gloss over the years with minimal upkeep.

Silestone® Quartz - Creates the look and feel of granite but provides a more solid colour, with options for mirror flecks, natural stone and concrete effects.

Maia® - Maia® worksurfaces are both stylish and durable, representing a truly innovative solid surface alternative to the high cost and inherent drawbacks of natural stone. A silky-smooth finish and seamless joints make Maia® worksurfaces a luxurious addition to your home.

Minerva® - The home of practical and solid kitchen worksurface material, manufactured to a full 25mm thickness with colour throughout. Delivering a luxurious appearance, imperceptible seamless joins and full design flexibility.

Metzo® - The home of practical and solid kitchen worksurface material, manufactured to a full 20mm thickness with colour throughout. Delivering a luxurious appearance, imperceptible seamless joins and full design flexibility.

Laminate

Zenith compact laminate - Use Zenith compact laminate to create a premium look and feel in your kitchen. Zenith worktops are super slim, super tough and 100% waterproof, so they look and perform like stone or ceramic without the long and expensive fitting process.

Laminate - In wood, stone, quartz and marble effects, laminate worktops are a great way to create a realistic finish at an affordable price point. With beautiful designs, lifelike textures and square edges, Wickes laminate worktops and breakfast bars look and feel great in any contemporary kitchen design.

Sinks

Whether vou're looking for long-lasting stainless steel, high gloss ceramic or ultrastrong granite, we have a wide selection of designs to suit you.

Surfaces

Stainless Steel - The classic choice. It is very hygienic, will resist any temperature and is absolutely timeless.

Ceramic - Our fireclay sinks are harder than metal, scratch-resistant and hygienic.

Granite - Granite composite sinks are formed under high pressure, making them resistant to scratches, stains and heat.

Bowls - Most sinks are available with either 1 or 1.5 bowls, depending on your requirements, and there is also the option of a double bowl in some styles.

Overmount - An overmount sink drops into a hole in your worktop and there will be a lip where the sink balances on the surface.

Undermount - Undermount sinks sit under the worktop, which can offer a smoother, more streamlined look. Please be aware that undermount sinks are not suitable for use with some worktops; your Design Consultant will be able to help you decide on the best

Stainless steel sinks

Carron Phoenix Ibis 100 1 Bowl Sink

Modern, linear design and a low perimeter edge means an almost seamless finish with the worktop.

Plinth heaters

Our selection of plinth heaters are the perfect space-saving solution for keeping your kitchen warm without the need for a bulky radiator. Installing a plinth heater means you can enjoy the benefit of additional space for cupboards and worktops. With an electric option available or a model that easily connects to your central heating system, they deliver ample heat to keep your kitchen warm.

Plinth Heater

· Heat outputs up to 2kW

See our inspiring range for yourself

With over 230 stores across the UK, there's a showroom near you with a great collection of kitchens on display.

Alternatively, explore our kitchen showroom from the comfort of your own home.

View our online showroom tour at wickes.co.uk/online-showroom-tour or hover your smartphone camera over the QR code to get started.

Multi-functional kitchens

Kitchens have become so much more than simply places where we do the cooking. They're the heart of the home, where friends and family gather to work, rest and play. Whatever you need your kitchen to be, we can create the solution that works for you.

Forget working at the kitchen table, integrate a workspace into your kitchen design for an adaptable, multi-purpose space for all the family.

Keep your kids' arts and crafts close at hand with their own low level storage space.

Kick off your muddy shoes, hang up your wet coats

and keep all your outside gear tidily stored away in

our kitchen cloakroom.

Appliances

An appliance from Wickes is the easiest and most efficient way to complete a kitchen. We remove the hassle of shopping around and our Design Consultants can tailor designs to suit any kitchen layout with integrated or freestanding appliances, no matter the size of your kitchen or your budget.

Our diverse selection offers great value and state-of-the-art technology by market-leading brands such as:

SAMSUNG

Ovens

Whatever your style of cooking, we offer innovative technology for all your requirements and designs to suit your lifestyle and decor.

Steam cooking

Cooks more evenly and enhances flavours and textures by preserving more of your food's nutrients. Delivers heat more effectively so you can cook at lower temperatures.

Multifunction cooking

Combines all the benefits of grill, fan, conventional or microwave cooking into one single oven – perfect if space is at a premium.

Fan cooking

Distributes heat more evenly so you can cook using lower temperatures and more quickly, saving you money and time.

Keeping control

Command wheel

Current cooking settings shown on a clear colour LCD display, controlled by a responsive command wheel.

Touch

Touch controls are easy to use and add a sleek and sophisticated look to the kitchen.

Retractable

Deluxe retractable controls and an interactive LCD display provide a flush finish for easy cleaning.

Rotary

A traditional oven knob for simple programme and temperature selection.

Oven controls

Experience cooking with maximum ease, comfort and style at your fingertips.

SAMSUNG

Cleaning

Steam cleaning

A special pre-set programme helps you to loosen food residue inside the oven for easier cleaning.

Pyrolytic cleaning

This is a self-cleaning programme that heats the oven up to 500°C whilst safely locking the door during the session. Food residue is turned to ash for you to simply wipe clean.

Self cleaning catalytic liners

The special coating on these catalytic-lined cookers and ovens oxidises grease and residue when heated to 200°C, meaning you can clean as you cook.

Easy cleaning enamel

Smooth enamel lining makes it quick and simple to wipe away grease and spillages from the oven's interior.

Hobs

From gas to induction, our hobs offer their own benefits and features with various burners and cooking zone options.

Induction

Induction technology is the fastest, safest and most energy efficient way to cook on a hob, heating the pan directly with no pre-heat required.

Dual Fuel

Get the best of both worlds with our dual fuel hob. Choose whether to use gas or electric to get your cooking just the way you want it.

Gas

A traditional choice that provides controlled cooking with instant heat and flexibility. All gas hobs feature flame safety devices for your peace of mind.

Rangemaster

Rangemaster is synonymous with design, innovation, quality, performance and reliability. Rangemaster made the world's first range cooker in 1830 on the very same site in Royal Leamington Spa where they continue to design and manufacture all their 90, 100 and 110cm range cookers.

Style and choice

We offer a wide range of styles, sizes and fuel types making it easy for you to find the perfect Rangemaster for your kitchen.

The right ingredients

It can take weeks to carefully craft a Rangemaster.

The highest gauge steel is pressed, cut, washed, polished, and finally enamelled with an endurance finish. The frame is triple folded, creating a unique encasement for some of the highest quality components you'll find.

OOO.OOOO

Hoods

Functional and stylish, hoods can add a unique focal point to your kitchen or be seamlessly concealed to save space.

Integrated

Integrated hoods are installed seamlessly, helping to create open living and cooking spaces.

Island

Make your island the real focus of the kitchen by complementing it with an island hood, combining the practicality of a hood with the elegant design statement of a centrepiece light.

Designer

Streamlined and elegant, a designer hood will bring a bold and unique feel to your kitchen.

Chimney

From traditional to ultra-modern styles, these designs will create a stunning statement piece in your home.

Compact appliances

Create a perfect workspace within your kitchen using our range of compact appliances. These can be horizontal, vertical or a group of four or more.

Compact ovens & microwaves

Powerful performance in a small design. This range offers the same great cooking performance and range of features as the full size equivalent.

Warming drawers

Our warming drawers will keep your dishes at the perfect temperature, ready to bring to the table.

Coffee machines

Enjoy the luxury of authentic Italian espressos and creamy cappuccinos in your own home with these stunning additions to your kitchen.

Laundry

From seamless integrated washing machines to combined washer dryers, our range offers the latest technology while providing high energy efficiency.

Integrated washing machines

We have a wide selection of integrated washing machines to suit your needs.

Washer dryers

These space-saving models are a standard built-in size, but they can still wash large loads and dry items up to 4kg.

Freestanding washing machines

Freestanding washing machines can give you design flexibility whilst increasing load capacity.

Dishwashers

Our range of dishwashers are available in standard and slimline to suit all spaces.

Slimline 45cm

If you need to save space in your kitchen, the slimline is perfect – and you won't lose any of the functionality or energy efficiency of a 60cm.

Standard 60cm

These dishwashers are ideal for a larger capacity, flexible racking and have a number of specialist programmes that deliver great results.

ComfortLift®

The unique AEG
ComfortLift® dishwasher is the first dishwasher in the world that lets you gently slide and lift the lower basket upwards.

Hinte & Ti

Plan your waste bin and your dishwashe on either side of the sink, so you can scrape the plates and load up the dishwasher with less moving around.

Cooling

Our wide range of cooling appliances includes different designs, benefits and features by market-leading brands NEFF, AEG, Electrolux and Zanussi.

Fridges

Discreet integrated fridges with options in various sizes & capacities.

Freezers

Frost free and energy saving models available.

Fridge freezers

Keep your food and drinks fresh with one of our standard fridge freezers. Integrated for a seamless look.

Freestanding New

Brand new range to cater for large and busy households.

Wine coolers

Optimum storage ensures your wine tastes better for longer by protecting it from heat, light and humidity.

Clever solutions

From smart appliances to clever storage options, we have some of the latest solutions to ensure that your kitchen is as practical and stylish as possible.

SAMSUNGSmart Homes

Looking after your home used to feel like hard work. But Samsung Smart Homes make everything that bit easier, so you can focus on the more important things in life. The smart fridges will help you order groceries while the connected ovens will help you keep an eye on what's cooking. All in all, it makes the everyday run a whole lot smoother.

Samsung Steam Compact Oven 264875

- WiFi Control Monitor and control using the SmartThings App
- Steam Cleaning Pour water in, press steam clean, then wipe away the residue
- Dual Fan Cooking 2 powerful fans get the oven hot fast

The Space Tower from Blum reinvents the storage possibilities of larder units. Every inch of your cupboard becomes easier to access, allowing you to make the most of your storage space. Shown here with our grey cabinet interior.

Create the lighting mood you want; from soft and intimate to bright and practical.

Choose your flooring. From natural wood to laminate, cool ceramic to underfloor heating.

Set off your work surfaces with our wide selection of tiles and splashbacks.

Find your perfect paint colour. Our range includes tough, washable ones for busy kitchens.

Key unit dimensions

Not all units are available in all ranges and styles may vary.

Standard Appliance Cabinets

*131 and 110 filler may be required to be cut down to suit various appliances

Mid Height Appliance Cabinets

Tall Decorative Posts

Tall Appliance Cabinets

- All base cabinet legs are adjustable to allow for uneven floors
- 68mm service void allows pipework and cables to be neatly hidden behind the back panel
- Cabinets are made from 18mm thick MFC panels, with a 12mm full height thick back panel
- Shelf supports can be moved about within the cabinet to suit your storage requirements
- Drawers have 15mm bottom panels and will hold up to 25kg
- Drawers are fully extendable, allowing you to reach the back easily
- Soft Close on all doors and drawers prevents trapped fingers and is quieter
- Fully adjustable Blum hinges allow for perfect alignment on all doors
