Refresh for Less

Small changes can make a big difference to your bathroom - from painting the walls a new colour to changing the toilet seat, we have everything you need. We've picked out some of our favourite on trend looks to inspire you.

Calming Neutrals

Neutral colours within a bathroom can instantly create a relaxing spa-like retreat. Simple, clean lines and introducing lighter colours are especially beneficial when used in smaller bathrooms, as they visually make a room feel more spacious.

Timeless Monochrome

A monochrome theme is so versatile it stylishly suits the most trend-led bathroom as well as complimenting a more traditional style. You can add black accessories as accent pieces or create a bolder look with black tiles. The opportunities are endless with this classic, stylish look.
