Worktops & Upstands

Whatever your style, we have a worktop to suit your new kitchen available in store and online.

metis®

metis® 15mm slimline solid surfaces are both stylish and efficient in the kitchen, thanks to their thin and sleek design.

Laminate

Laminate worktops are a great way to create a realistic finish at an affordable price point.

Zenith Compact Laminate

Compact worktops are super slim, super tough and 100% waterproof, so they look and perform like stone or ceramic without the long and expensive fitting process.

Solid Wood

Hardwood staves joined, oiled and finished with antibacterial, water-repellent and smooth finish.

Sinks

Our sinks come in a wide range of sizes, designs and materials. Whether you need a utility sink or farmhouse ceramic, you'll find an option to suit your style and budget.

Stainless Steel

Offers long lasting, corrosion-resistance with a modern look. All our sinks include waste kits.

Composite

Stone-effect sinks that are extremely durable and scratch-resistant. With added UV protection so the colour will not fade.

Ceramic

Traditional design with linear drainer pattern.

Appliances

We have a wide range of essential yet stylish appliances that will guarantee to fit any kitchen perfectly.

Conventional ovens

Conventional ovens have roof and base heating for even cooking and variable elements that allow you to simultaneously cook dishes at different temperatures.

Fan ovens

Fan ovens offer faster heating and even cooking, with a rotating rear fan that circulates heat quickly and evenly around the oven at lower temperatures ensuring an economical and effective method of cooking.

Hobs

Gas

We know how important peace of mind is to you, so all our gas hobs have flame safety. When the flame goes out the gas cuts off.

Ceramic

Ceramic hobs don't just heat up fast. They have a smooth, reinforced glass surface over the heat source that makes them easier to clean.

Induction

Induction hobs use clever technology to heat the base of the pan and not the hob. Please note, you will need pots and pans that are suitable for induction hobs.

Hoods

Your cooker hood is one of the most functional appliances in your kitchen. Still, it often gets overlooked when it comes to making style choices. While other design ideas, like your kitchen cupboards, worktops, and sink, have a significant impact on your overall finish, so too does the cooker hood you select.

Measure your space

To kick off your Wickes Lifestyle Kitchen journey, you will need to measure your space. Your Design Consultant will then be able to plan your dream kitchen around these measurements - so it is important to be as accurate as possible.

Don't worry if you are not confident in doing this, we've prepared a guide of how to get the correct measurements ahead of your design appointment.

Scan the QR code or visit wickes.co.uk/ideas-advice/measure-up-your-kitchen for the full guide

More grid paper available on pages 74-75.

Cabinet Options

All our units come with adjustable legs for uneven floors, cam and dowel fittings for easy assembly, service void at the back of the base units for plumbing and pipework, and handles for base and wall units.
