

Appliances

Why choose an appliance from Wickes?

From ovens to dishwashers, washing machines to wine coolers, we've got a wide range of appliances to suit you and your budget.

Free design service

Because we know our free-standing and integrated appliances so well, we can design with style and function in mind.

Trusted installation

Our Wickes Approved Installers will fit each appliance just as the manufacturer recommends.

Appliances for every budget

We can find appliances and payment plans to help your budget go further.*

Product demonstrations

Your dedicated Design Consultant can demonstrate the features and benefits of our appliances.

Quality to be proud of

All our appliances come with standard manufacturers' warranties.^

Top brands

We offer a choice of market-leading brands and state-of-the-art technology.

*Selected products not available on finance, speak to your Design Consultant for more information. ^Please ask your Design Consultant for more details by product.

SAMSUNG

AEG

RANGEMASTER™

Ovens

We have a huge range of Electric Ovens including Neff, Smeg, Samsung, AEG, Bosch and Hoover.

Choose from single or double ovens packed with innovative technology for every cook and stylish designs for every decor

Look out for the below icons highlighted within our oven range to find your perfect features:

Fan oven

Fan cooking uses a fan and exhaust system to circulate hot air evenly throughout the oven, ensuring consistent cooking and faster results.

Pyrolytic cleaning

Pyrolytic cleaning uses extremely high heat (400-500°C) to incinerate food residue and grease into easily-wiped ash.

Steam cooking

Steam cooking uses circulating steam, often combined with heat, to cook food gently, retaining moisture, nutrients, and flavour.

Steam cleaning

Steam cleaning uses heat and water to create steam, which softens light food residue and grime for easier wiping.

Grill function

The grill function uses intense radiant heat from an upper element to brown, crisp, or quickly cook food.

Catalytic cleaning

Catalytic cleaning uses special porous liners to absorb and oxidise grease at normal cooking temperatures, simplifying manual cleaning.

Airfry

The airfry function uses rapid, high-speed hot air circulation to create crispy, "fried" results with minimal to no oil.

Connected tech

Connected technology in appliance allows remote control and monitoring via smart devices.

Food probe

Uses a sensor inserted into food to monitor its internal temperature, ensuring precise cooking and preventing over or undercooking.

AEG

THE NEW AEG KITCHEN RANGE

THE PERFECT MATCH FOR YOUR COOKING AMBITIONS

Enter a world where beauty and ground-breaking innovation are at the heart of your appliances with the new AEG kitchen range.

Experience the benefits of cutting-edge technology that adapts to your lifestyle, enhances your culinary skills with ease, and transforms the kitchen into a hub of efficiency and elegance, with no need to compromise.

SIEMENS

Siemens - from the number one Company worldwide for Ovens*

SIEMENS

*source: Euromonitor International Limited; BSH Hausgeräte GmbH in Ovens, volume sales 2025. For more information please contact mks-siemensenquiries@bshg.com.

Model shown: 345850 / HM778GMB1B

Engineered for the intelligent kitchen.

Experience effortless cooking with the intelligent varioSpeed oven with microwave, featuring an intuitive Oven Assistant and activeClean technology for a truly self-cleaning oven.

Award winning German Engineering.

Rated Excellent
TrustScore 4.8 | February 2026

Our rich heritage.

Siemens has pushed the boundaries of home innovation for more than a century. Today, our appliances not only set a new standard in applied technology, they redefine the way we run our households. Simplifying and re-defining our day-to-day, with inspiring and intuitive features and functionalities.

Our commitment.

We are committed to offering high-quality products through superior craftsmanship, innovative technologies, and attention to detail. We maintain strict quality control measures throughout the production process to ensure that our products meet rigorous standards.

This dedication to quality is reflected in the performance, longevity, and overall customer satisfaction with Siemens appliances.

Handpicked materials.

Premium materials, like high quality glass and steel combine together to stir the senses with their colour and texture while remaining highly functional.

Intuitive user interfaces.

We strive to provide the most user-friendly experience by enabling smooth navigation and access to everything needed with a swipe of a finger thanks to clear and interactive interfaces.

Exceptional Care.

iQdrive® Motor

10

Year Warranty

10 Year iQdrive® Motor Warranty.*

This warranty covers defects of the iQdrive motor on Siemens washing machines and selected washer dryer models that feature the iQdrive motor.

Anti-Rust

10

Year Warranty

10 Year Anti-Rust Warranty for dishwashers.*

Protects against rust in the inner cavity of the appliance during this warranty period. Applies to all Siemens dishwasher appliances only.

Compressor Drive

10

Year Warranty

10 Year Compressor Drive Warranty.*

Available on selected Siemens fridges and freezers, this warranty covers defects in the compressor motor.

AquaStop

Lifetime Warranty

Lifetime AquaStop Warranty.*

A lifetime warranty to protect against water damage caused by defective AquaStop system. Applies to selected Siemens laundry and dishwasher appliances only.

*Registration of appliance required.

Compact appliances

From gas to induction, our hobs offer various features and benefits with various burners and cooking zone options.

Compact/microwave ovens

Powerful performance in a small design. Our Compact and Microwave Ovens feature a range of cooking functions and power levels to suit your cooking requirements.

Coffee machines

Enjoy the luxury of authentic Italian espressos and creamy cappuccinos in your own home with these stunning additions to your kitchen.

Warming Drawers

Our warming drawers will keep your dishes at the perfect temperature, ready to bring to the table.

SAMSUNG

More time for
what's important.

Our Home Appliances will be with you for the journey

Samsung offers both outstanding innovation and durable, long-lasting performance. Our home appliances come with a 5-year parts and labour warranty¹ for extra peace of mind. Plus, Samsung provides 10 year warranty² on Digital Inverter Compressor for refrigeration and Digital Inverter Motor for Laundry. Efficient, quiet, and built to last.

It's another great reason to choose our appliances.

1. On selected products, available by redemption within 90 days of purchase, T&Cs apply.
2. 10 year warranty is limited to the compressor and inverter motor only. 10 year warranty applies to all refrigerators, washing machines, dryers sold on or after 1 April, 2026.

The easy way to healthy cooking results.

With their impressive technology, elegant design and crystal clear TFT touchDisplay, Bosch Series 8 ovens meet every need and more in the kitchen. The intuitive Digital Control Ring engraved into the glass with TFT touchDisplay, provides convenience and functionality with full control over your cooking at all times.

Including innovative features such as the Air Fry Function for healthier, tastier and more crispy meals with hardly any oil. Not forgetting the Oven Assistant to suggest the most suitable settings or programmes and switch directly to your selection – pure convenience.

Model shown: HBG7741B1B

Hobs

From gas to induction, our hobs offer various features and benefits with various burners and cooking zone options.

Ceramic

Ceramic hobs use electric elements beneath a smooth surface. They heat up quickly, provide even heat, and are easy to clean due to the flat surface.

Induction

Powerful performance in a small design. Our Compact and Microwave Ovens feature a range of cooking functions and power levels to suit your cooking requirements.

Venting

Save space in your kitchen by installing a hob with the extraction built in.

Gas

A traditional choice that provides controlled cooking with instant heat and flexibility. All gas hobs feature flame safety devices for your peace of mind.

Look out for the below icons highlighted within our oven range to find your perfect features:

Power boost

The power boost function rapidly increases oven temperature by activating all heating elements simultaneously for a short period.

Safety lock

The safety lock function prevents accidental activation or changes to settings, especially by children, by disabling the controls.

Boil assist

The boil assist function automatically detects boiling water and reduces the heat to a simmer, preventing over-boiling and spills.

Plug and play

Plug and play hobs are designed for easy installation, simply plugging into a standard electrical socket without hardwiring.

Fry assist

The grill function uses intense radiant heat from an upper element to brown, crisp, or quickly cook food.

Connected tech

Connected technology in appliance allows remote control and monitoring via smart devices.

Flexi zone

Flexi zone function allows you to combine multiple cooking zones into one large area, accommodating different sizes of cookware like griddles or large pans.

Hob to hood

Hob-to-hood function wirelessly connects a hob to a compatible hood, automatically adjusting fan speed based on cooking intensity.

Hob Hood Control

We love these moments that make us realise we are at home

Our Cooktop-based Hood Control is one of these homely details that create real cooking comfort. Address different steam levels as well as your hood's light via your hob. This allows you to keep your focus on the hob while you control the hood right where the steam originates. Simply connect your oven to your registered Home Connect account.

Guided Air Technology

Equally powerful steam extraction all over the cooktop regardless of the pans or pots' location.

Hoods

Our cooker hoods are available in a range of shapes and sizes to suit your kitchen with varying technology from top brands.

Screen

Streamlined and elegant, a designer hood will bring a bold and unique feel to your kitchen.

Chimney

From traditional to ultra-modern styles, these designs will create a stunning statement piece in your home.

Canopy

Designed to be fitted into your kitchen units, for a more, minimal effect.

Look out for the below icons highlighted within our oven range to find your perfect features:

Connected tech

Connected technology in appliance allows remote control and monitoring via smart devices.

Background extraction

Continuous, low-level ventilation that quietly removes lingering odours and maintains air quality even when not actively cooking.

Hob to hood

Hob-to-hood function wirelessly connects a hob to a compatible hood, automatically adjusting fan speed based on cooking intensity.

Dishwashers

Slimline 45cm

If you need to save space in your kitchen, the slimline is perfect – and you won't lose any of the functionality or energy efficiency of a 60cm.

Standard 60cm

These dishwashers are ideal for a larger capacity. They have flexible racking and a number of specialist programmes that deliver great results.

Look out for the below icons highlighted within our oven range to find your perfect features:

Illuminated timer

The illuminated timer function displays the remaining cycle time, often projected onto the floor, for easy visibility.

Auto open door

This function automatically opens the dishwasher door at the end of the cycle, allowing steam to escape for improved drying and ventilation.

Safety lock

The safety lock function prevents accidental activation or changes to settings, especially by children, by disabling the controls.

Quick wash

The quick wash function rapidly cleans lightly soiled dishes in a shorter timeframe, ideal for when you need items quickly.

Connected tech

Connected technology in appliance allows remote control and monitoring via smart devices.

PERFORMANCE THAT LASTS

Laundry

Choose your perfect laundry solution with our range of Washing Machines, Washer Dryers and Tumble Dryers.

Look out for the below icons highlighted within our laundry range to find your perfect features:

Auto dose

The auto-dose function automatically dispenses the precise amount of detergent and/or softener needed for each load.

Quick wash

The quick wash function rapidly cleans lightly soiled dishes in a shorter timeframe, ideal for when you need items quickly.

Steam function

The safety lock function on hobs prevents accidental activation or changes to settings, especially by children, by disabling the controls.

Connected tech

Connected technology in appliance allows remote control and monitoring via smart devices.

Child lock

The child lock function prevents accidental activation or changes to settings.

Cooling

Explore our wide range of cooling appliances from market-leading brands SMEG, Samsung, Bosch, NEFF, AEG, Hoover and CDA.

Freestanding fridge freezers

Choose the size and style to suit your lifestyle requirements. If you have a large family or entertain regularly, there's also the option of one of our freestanding American fridge freezers.

Integrated fridges and freezers

A range of freestanding and integrated fridge freezers to suit your kitchen.

Wine coolers

Stylish and can be easily integrated under your work surface or within a kitchen island.

No frost

The no frost function in freezers automatically prevents ice build-up by circulating dry, cold air, eliminating the need for manual defrosting.

Fresh/temperature control

The climate control function maintains a precise and stable internal temperature, regardless of external ambient temperature fluctuations, to preserve food quality.

Connected tech

Connected technology in appliance allows remote control and monitoring via smart devices.

RANGEMASTER™

Rangemaster is Britain's best loved range cooker brand, synonymous with design, innovation, performance, quality and reliability – making it the design-conscious consumer's brand of choice.

Why choose **RANGEMASTER?**

02

A community that loves to cook

When you choose Rangemaster, you'll discover a community of passionate people who love to cook! Sharing recipes and inspiring ideas. Rangemaster owners are dedicated to getting the best from their range cookers.

04

Great results, everytime

We know how important it is to have a range cooker you can rely on – so we test each and every part of our cookers until we're happy to put our name on them. After all, it's our quality we want you to trust.

01

Style and choice

We offer a wide range of styles, sizes and fuel types, making it easy to find the perfect Rangemaster for you. From classic to modern, 90cm to 110cm, and induction or dual fuel – we have all the right ingredients.

03

The right ingredients

Behind the beautiful exterior of every Rangemaster range cooker lies a heritage of innovation and development. Every detail is carefully designed to complement your lifestyle, with a variety of colours and styles you'll be proud to feature in your kitchen.

05

Built from experience

With nearly 200 years of manufacturing expertise, we take pride in our British heritage. Our range cookers sit at the heart of kitchens and communities nationwide and, just like generations of our customers, we've grown and evolved with the times.
