Kitchen design and fit

We recently had a new kitchen fitted through Wickes. Everything from design, quote, to installation ran like clockwork. I can't fault the team for the work completed. We're really happy with our new kitchen and would recommend the team, they worked to ensure we were happy with the finished product, the cost was reasonable and I would definitely use again for any other improvements on our home.

Great kitchen design service!

The kitchen design process with Wickes was fantastic. Our Design Consultant was so helpful and incredibly patient. She listened to all our ideas and queries and gave us some really useful suggestions to help us design the kitchen we wanted. We cannot recommend enough on our home.

First time kitchen buyer

This is my boyfriend and I's first time buying a kitchen and the service couldn't have been better! We booked in a meeting with our Design Consultant to design our kitchen and the experience was great, he perfectly grasped what we were looking for and helped bring our vision to life! I couldn't recommend this service more, we would give 10 stars if we could!!

Kitchen Appointment

Me and my husband went to our local Wickes to find the right kitchen for us, to utilise the space we had and keep within our budget. Our Design Consultant guided us through the process and showing us all the possibilities and cost. He was brilliant, clear, concise, very friendly and happy to help. Was a faultless experience. Thank you so much.

Booking with the Design Consultant was timely, they came and took measurements on site which added to the accuracy in capturing my needs as a customer. The turn around for the design was timely and the actual design was excellent. The customer service is very good. My Design Consultant went over and above the call of duty. I would recommend Wickes to anyone wanting a bathroom or kitchen.

Sofia White Kitchen, stunning

From my first meeting with my Design Consultant I knew I was in safe hands. She guided me through the process with skill and professionalism but also kept it fun. It didn't matter how many times I changed my mind after sleepless nights and dreams of larger cabinets, we worked it out together. I thoroughly enjoyed the whole process and have my dream kitchen as the result.

Wow what a transformation

Wow, now the kitchen is complete, what a transformation. Meticulous workmanship, attention to detail and any small imperfections we found, were addressed immediately. The guys cleaned up after themselves everyday before leaving. The kitchen has surpassed our expectations and I would recommend Wickes to anyone who is thinking of taking the plunge and splashing out on such a luxury.

★★★★★ Excellent service

Our Design Consultant Shree was very helpful in deciding our kitchen needs she was a great listener and took on board everything we had envisioned for our kitchen and gave us great advice on the next steps. There was a range of kitchen styles which were budget friendly to choose from which were all customisable based on your personal needs. I would highly recommend Wickes for anyone looking to design their kitchen.

Superb service from Wickes. The staff were friendly, knowledgeable, and went out of their way to make sure we were happy with the choices for our kitchen. The quality of the units and worktops is fantastic, and the final result exceeded our expectations. Will definitely use them again in the future!

We designed and ordered a Wickes Lifestyle Kitchen project with Wickes. Our Design Consultant was so helpful and guided us through the whole journey and took our budget seriously, and got the most out of it. The end result was a beautiful kitchen. Can't thank Wickes anymore for the brilliant service.

Slab kitchens

Slab-style kitchens feature completely flat surfaces with no raised or recessed detailing, creating a clean and contemporary finish. Their minimalist design makes them practical and easy to clean, while providing a blank canvas for you to personalise through the finer details. This style's simplicity offers a sense of space and allows for versatile design options, making it perfect for those who value both functionality and aesthetic flexibility.

Popped into this Wickes store to get some more ideas for a kitchen redo. Our Design Consultant approached us asking if we needed any information. He was very helpful and knowledgeable without being pushy. He gave sensible advice and useful information not only on design and price but time lines and what to expect leading up to and during the work being completed.

Our Design Consultant came out to our house to measure the space for our kitchen and within two days we had the kitchen designed and ordered. We were a bit limited with the space we have but he made it work and we couldn't be happier. We are also very happy with the quality of the kitchen. They have also been there for any questions and queries since, nothing has been too much trouble.

Trends

Minimal Luxe

There is a continued trend for incorporating calmness into the kitchen and bringing the outdoors in. Neutral shades combined with natural textures and materials create a subtle elegance to your space.

Homely Comfort

There is a growing focus on embracing warmth and cosiness within the home and this continues to the kitchen. Featuring rustic textures, vintage-inspired elements and calming tones to create a welcoming and comfortable space.

Dark Serenity

Demand is growing for darker and dramatic kitchen spaces, but with a natural twist with woods or stone to create a textured and dynamic effect that makes a bold statement.

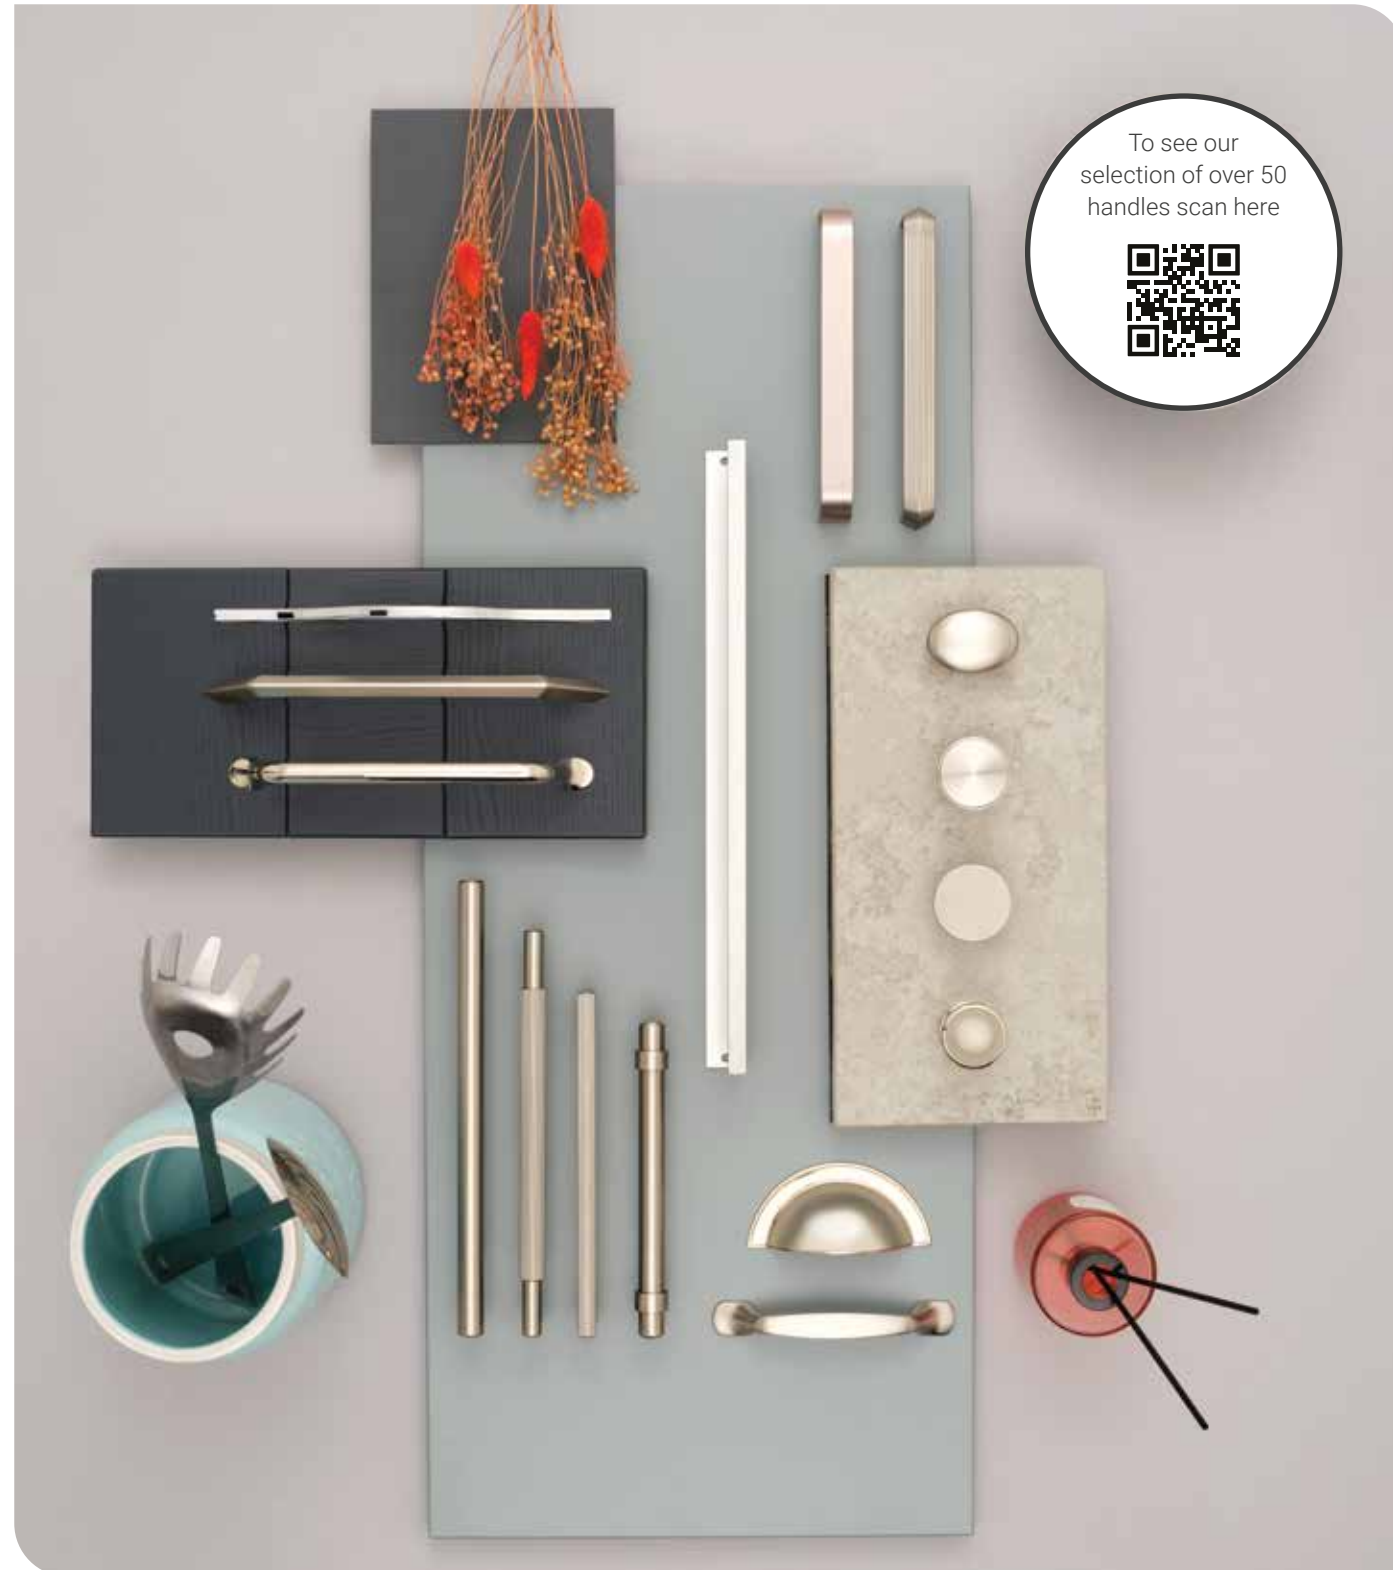

Bold Nostalgia

This trend combines vintage charm with vibrant, eye-catching colours and patterns. It revives retro aesthetics, celebrating nostalgia with a modern twist to infuse kitchens with vibrant energy and character.

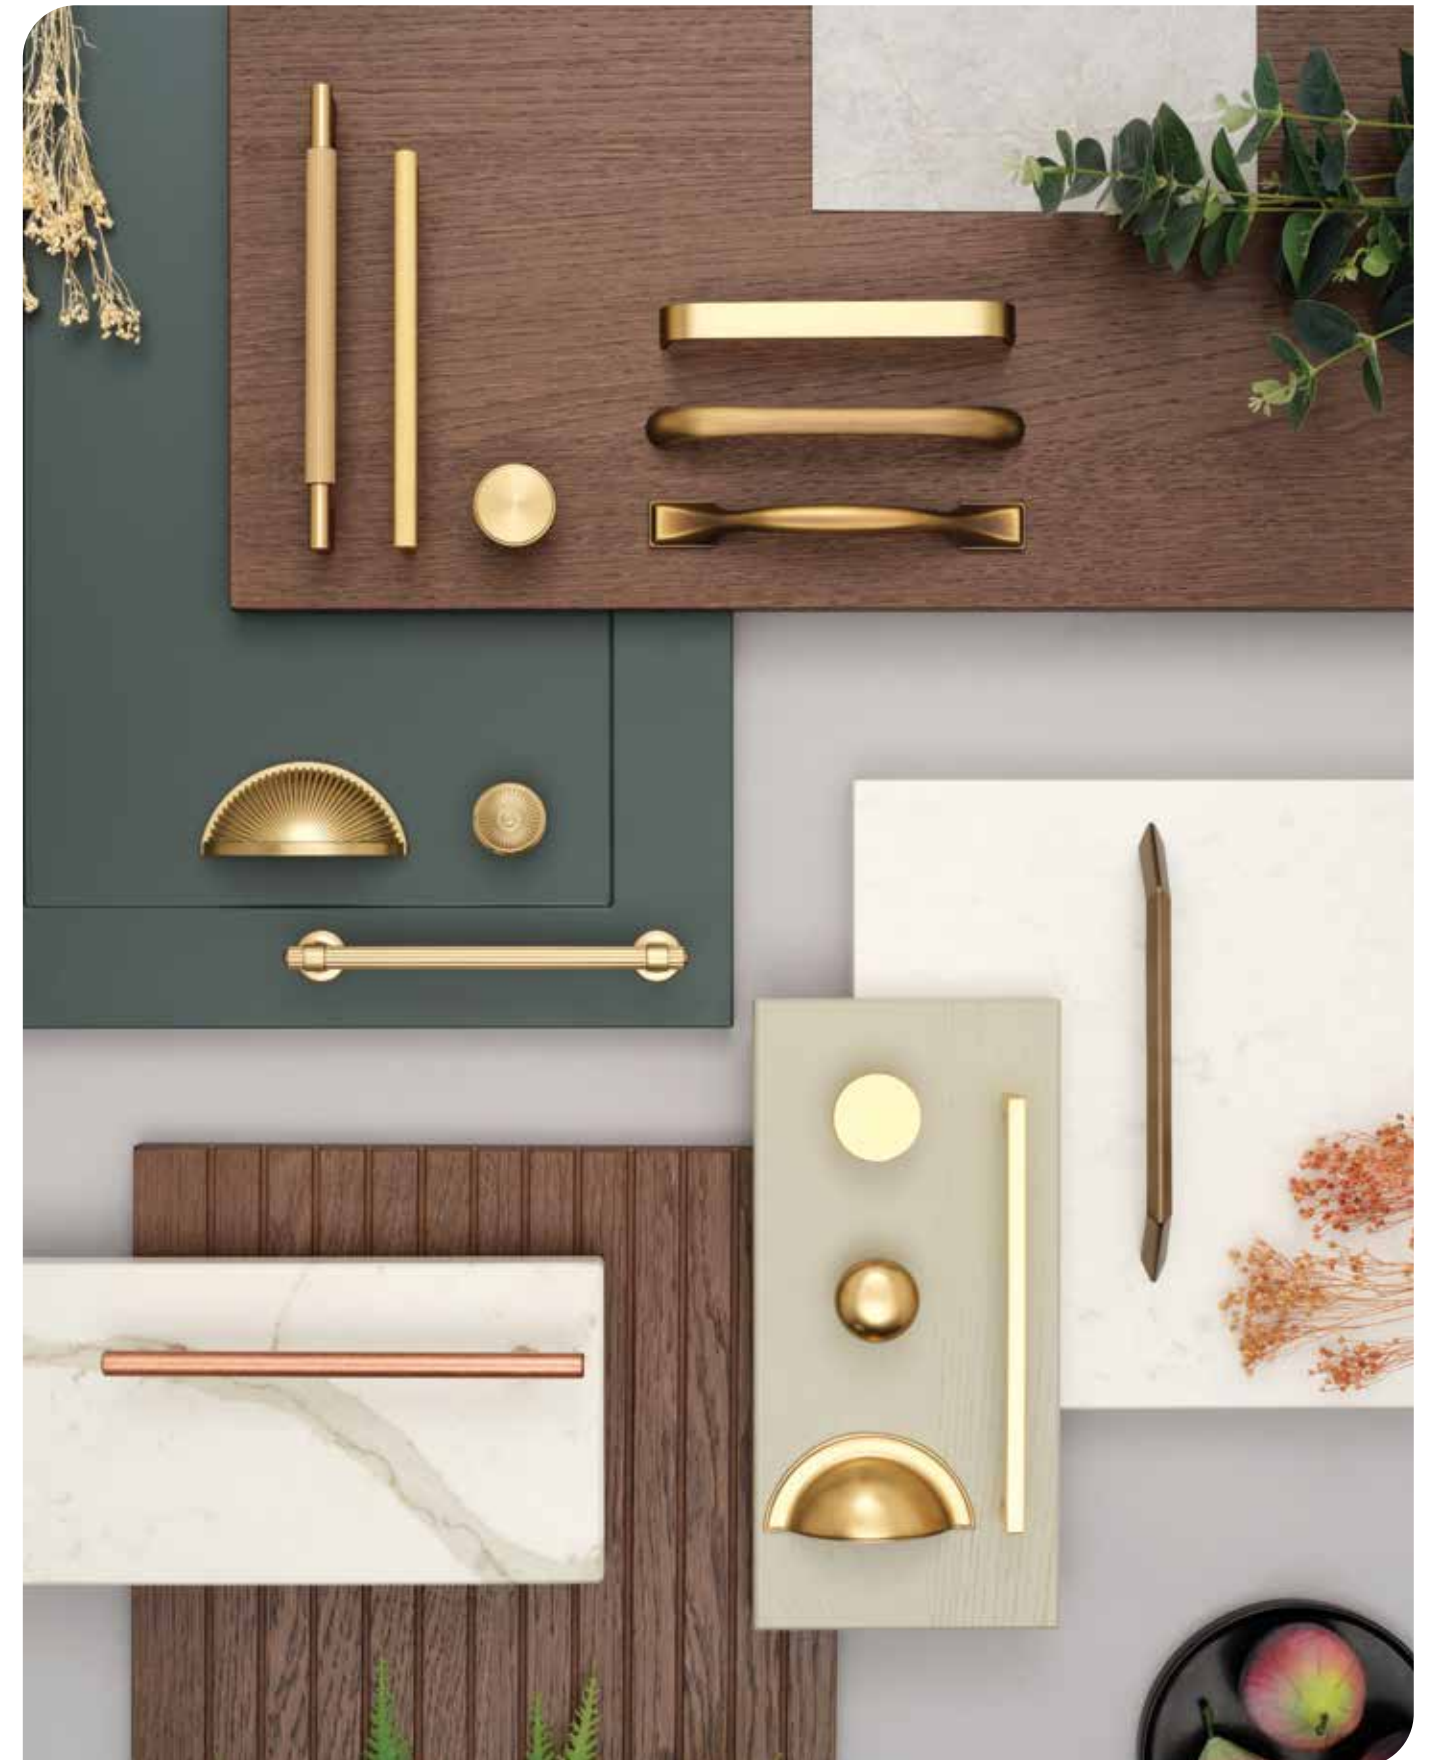

Handles

With over 50 handles to choose from, with traditional cup handles to sleek bars, you'll find the perfect match for your dream kitchen.

Appliances

Wickes appliances make completing your kitchen a breeze. Our Design Consultants can customise designs, whether you prefer integrated or freestanding appliances, regardless of your kitchen's size or your budget. Our diverse selection offers great value and state-of-the-art technology by market-leading brands such as:

Ovens

Save worktop space by getting an oven featuring Airfry technology, combining your oven and air fryer.

All black appliances are a major trend; they create a great accent and can be co-ordinated with handles and taps. All black appliances are available across all budgets and technologies.

Coffee machines

Invest in a coffee machine as one of your integrated appliances as a way of saving space on your worktop. Easy to use for professional-style coffee at home.

Appliances

Hobs

AEG's SaphirMatt hobs are all matt, on trend and near impossible to scratch. Also available with integrated extractor, they work well with thin profile matt finish worktops such as Dekton.

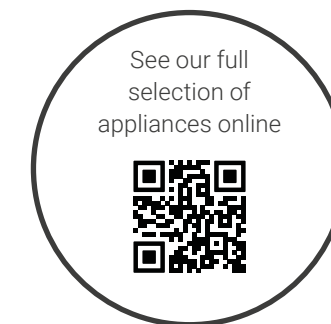

Standalone hoods can be bulky and take up a lot of space that may be needed for storage. Consider a hob with an integrated downdraft feature or which sits next to the hob, such as the Neff Glass DownDraft hood.

Wine coolers

Upgrade your kitchen by installing a wine fridge. Not only is it a great way of displaying your wine collection, you can store the wine at the correct temperature and on its side, as it should be. We have a wide range of wine coolers to suit both the style of your kitchen and your budget.

Dishwashers

Take it easy on your back when loading and unloading your dishwasher with ComfortLift® from AEG.

You don't need to worry about the size of your kitchen to have a dishwasher, as our slimline options mean you can include a dishwasher in your kitchen plans regardless of size.

Appliances

Laundry

Rather than standing out in the kitchen, the current trend is to disguise laundry appliances behind doors. Integrated washing machines are available across our whole range of kitchens meaning no matter your budget, you can find a suitable washing machine, tumble dryer or washer dryer.

Save space and make washing easier by stacking your washer and tumble dryer. It means you can move items from one to the other efficiently and save on floor space.

Range cookers

Range cookers are versatile, high-capacity appliances that combine multiple ovens, a spacious stove top, and often a grill, making them ideal for cooking several dishes at once. With options in various fuel types and styles, they add both functionality and a stylish focal point to your kitchen.

Taps

Our collection of over 140 kitchen taps combines innovative design with practical functionality. From single lever to hot water and sparkling taps in a variety of finishes, we offer styles to suit every kitchen and budget.

abode

BRISTAN

CARYSIL

Quooker®

in sinkerator®

Single lever

A sleek and minimalist design that suits modern kitchens with one lever to adjust to the perfect temperature.

- Good to know**
- Offered in a wide range of colours from gunmetal to brushed brass
 - Easy to use
 - High pressure water system required
 - Temperature can be controlled easily

Monobloc mixer

A classic style with one hot and one cold lever to control the temperature of your water, with one spout for distribution.

- Good to know**
- Offered in a wide range of styles and finishes from brushed chrome to matt black and brushed brass
 - Choose from modern or traditional designs to suit your kitchen
 - Easy to use
 - Great for homes with a low pressure water system

Pull out

Combine style and functionality. As well as looking contemporary and statement, a pull out tap extends your water reach and makes rinsing easy and unrestricted.

- Good to know**
- Flexible hose means you can clean all the corners of your sink easily
 - Versatile
 - Easy to use

Taps

Hot water

There's no waiting for kettles when you can get boiling water in an instant straight from the tap.

Good to know

- Convenient and time saving, hot water on demand as and when you need it
- Save space on the worktop
- Have unique safety features to avoid accidents
- Filter out most impurities
- Saves water because you only use what you need
- Certain taps can be upgraded to be 4-in-1 or 5-in-1 by adding filter and sparkling water features
- Requires 600mm cabinet to fit the boiler tank and hot water pipework

Quooker®

With a Quooker tap you can get hot, cold, boiling, chilled filtered still and chilled filtered sparkling all from one tap.*

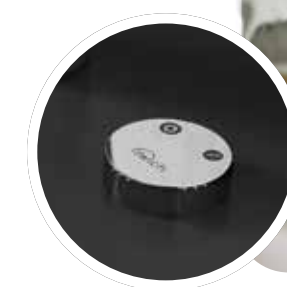

*Required Quooker CUBE tank for chilled filtered and sparkling water

Filter

Filter taps remove any impurities from your water, allowing for an improved taste.

Good to know

- Filter out impurities in water
- Water tastes better
- Requires a small amount of space in the cabinet for the filter cartridge
- The Abode "Swich" can turn any tap into a filter tap. See image of the product below

Sinks

When choosing your sink there are three key elements to consider: material, fitting style and size. Whether you're looking for long-lasting stainless steel, high gloss ceramic or ultra-strong granite, we have a wide selection of designs to suit you, whatever your budget.

Stainless steel

The classic choice, very hygienic and will resist any temperature as well as being timeless.

Good to know

- Multiple design options
- Resistant to heat
- Scratch resistant
- Easy to clean

Ceramic

Ceramic sinks are beautifully designed, resistant to scratches and harder than metal.

Good to know

- UV resistant
- Easy installation
- Scratch resistant

Granite

Granite composite sinks are formed under high pressure, making them resistant to scratches, stains and heat. Choose from many colours and styles to suit any budget.

Good to know

- Multiple colour options
- Multiple design options
- Stain resistant
- UV resistant
- Heat resistant

Sinks

When choosing your sink, you can opt for a sleek undermount, a classic inset or a traditional Belfast style. Consider your space and any additional features you need to find the perfect solution.

Undermount

Undermount sinks sit under the worktop for a streamlined look.

Good to know

- Creates a seamless look best suited for use with solid surface worktops where you cannot see the core

Inset/overmount

An overmount sink drops into a hole in your worktop and there will be a lip where the sink balances on the surface.

Good to know

- Usually accompanied with a draining board
- Easy to clean and maintain
- Great option alongside laminate worktops

Belfast

Belfast sinks sit on top of a specialised unit. They make a fantastic feature in the kitchen and work beautifully in both traditional and classic kitchens. Belfast sinks work in kitchens that require more space to utilise a larger sink bowl.

Good to know

- Can be a statement within the kitchen
- Takes up more space than other styles of sink

Depending on the style and your requirements, choose a kitchen sink with 1 bowl, 1.5 bowls or 2 bowls.

1 bowl

Classic size for essential usage and where space is at a premium. We also have a range of compact sinks.

1.5 bowl

Perfect if you need the extra bowl for prepping vegetables, drying cutlery or rinsing crockery.

2 bowl

Ideal if you are in need a lot of sink space and are using your sink for multiple purposes.

Storage

Storage solutions are the hidden gems of a kitchen. Our Bespoke range offers a variety of smart options to optimise storage and keep your space perfectly organised.

Larders

Larders are a fantastic storage solution to store a lot of items that have a longer life. They are a way of hiding away small domestic appliances whilst always being easy to access. They can also be used as a pantry or to extend existing work space.

Good to know

- Increased storage solution that can be hidden away
- Easy access
- Better utilised space
- Helps keeps food fresher for longer as it is a cooler darker storage solution
- A place to store some household appliances that aren't always used
- Adding in wireworks make this so much easier to find products, these can be as small as 300mm

Space tower

These are integrated drawers that fully pull out to create more space within a tower unit. They are a great for organising space and being able to access the entirety of the tower.

Good to know

- Easy access for all products, things don't get lost
- Drawers fully slide out to be able to see and access all products
- Fit significantly more products in the drawers than a tower without
- High load bearing capacity
- Contents can be organised to make them easier and faster to find

Corner solutions

Corner solutions are a great way to utilise and access dead space that can be hard to reach. There are multiple types and your Design Consultant will know what is best for your area.

Good to know

- Utilises the whole area of a corner cupboard
- Maximise space
- Different types available to suit every kitchen need

Bins

Integrated bins are a great way to hide away something that can take up a lot of space on the floor. This can also be more hygienic and contain odours.

Good to know

- Saves you floor space that could be better utilised
- Can make splitting waste easier - recycling vs normal rubbish
- Can be tailored to suit you needs more than a normal bin

Drawer inserts

Inserts are a great way to organise drawers, making things easier and quicker to find. A knife block makes storing your knives safer

Good to know

- Helps organise any loose kitchen items in your drawers, such as cutlery
- Maximise space
- Keeps things organised, means things are easier to find
- Drawer inserts can be a safety feature especially for big sharp knives

“ Our kitchen project has been a labour of love due to the requirements of our extension. I have to say our Design Consultant, went above and beyond to create the kitchen of our dreams. Nothing was too much trouble, even when we asked for last minute changes. Thank you to both our Design Consultant and Installer for all their hard work on our project, we intend to enjoy every part of our kitchen. ”

“ Just like to say we are very very pleased with our new kitchen from Wickes. Everything from the layout to colour of worktops, units to the lighting. Nothing was to much trouble. He gave us the kitchen we had imagined. I'd also like to thank our kitchen installer for his attention to detail and completing all works as promised. We would highly recommend Wickes to anyone without any doubt. One very happy customer. ”

Christopher L

“ I buy from Wickes all the time but I'd not bought a kitchen. I liked the Sofia range and decided get a price. One of the Design Consultants came to my home and measured up, then - the next day - I went into the store and saw the computer mock up - all dimensions plotted and units in place so I could visualise it. Fantastic! We talked through options and I ordered and paid for my kitchen there and then. My Design Consultant was great as he wasn't pushy, just guided me, and advised through options. Great price for a stylish kitchen. Top marks! ”
