Natural Elegance

Natural Elegance brings together the deep tone of Raven with the natural shade of Fern for a sophisticated palette. Complement this combination with the timeless luxury of marble effect worktops and the modern touch of sleek black handles, to create a serene and stylish kitchen space.

Tranquil Retreat

Tranquil Retreat blends serene hues for a calm, organic space, using our Duck Egg, Taupe and Linen shades. Natural wood textures and marble accents complete the look, creating a harmonious and soothing space.

Classic Luxe

This trend combines rich Heritage Red with elegant Linen units, creating a sophisticated two-tone look. Combine with a bold veined worktop to add a touch of drama, and brass-toned handles to provide a luxury finish. This look blends classic style with contemporary elegance.

Shaker kitchens

Shaker-style kitchens are a timeless design, featuring a four-piece frame with a recessed centre panel. Known for their simplicity and expert craftsmanship, they offer a clean, refined look that suits both traditional and contemporary interiors. We came to Wickes as we were looking for a new kitchen which we wanted to have supplied and fitted. Wickes helped us realise the vision we had through the design process and our Design Consultant was really helpful throughout particularly when we required some changes to the design. We were well informed about the dates of when things were happening and everything went to plan and finished as expected.

Extremely pleased with our new kitchen from Wickes. Our Design Consultant was excellent helping us design our kitchen and the installation team were polite and extremely hard working, especially during an extreme May heatwave. Project managers checked in on the installation team and there were several follow up calls at the end to confirm we were happy with the result. I definitely recommend Wickes for a kitchen.

AEG's SaphirMatt hobs are all Matt, on trend and near impossible to scratch. Also available with integrated extractor, they work well with thin profile Matt finish worktops such as Dekton.

Standalone hoods can be bulky and take up a lot of space that may be needed for storage. Consider a hob with an integrated downdraft feature or which sits next to the hob, such as the Neff Glass DownDraft hood.

Wine coolers

Upgrade your kitchen by installing a wine fridge. Not only is it a great way of displaying your wine collection, you can store the wine at the correct temperature and on its side, as it should be. We have a wide range of wine coolers to suit both the style of your kitchen and your budget.

Dishwashers

Take it easy on your back when loading and unloading your dishwasher with ComfortLift® from AEG.

You don't need to worry about the size of your kitchen to have a dishwasher, as our slimline options mean you can include a dishwasher in your kitchen plans regardless of size.

Laundry

Rather than standing out in the kitchen, the current trend is to disguise laundry appliances behind doors. Integrated washing machines are available across our whole range of kitchens, meaning no matter your budget, you can find a suitable washing machine, tumble dryer or washer dryer.

Range cookers

Range cookers are versatile, high-capacity appliances that combine multiple ovens, a spacious stove top, and often a grill, making them ideal for cooking several dishes at once. With options in various fuel types and styles, they add both functionality and a stylish focal point to your kitchen.

Taps
