

### Gas and induction cooking options right at your fingertips

There's no need to choose between gas and induction heating anymore! This hob gives you the benefits of both, with gas as well as induction cooking zones.

## Product Benefits & Features

### Your perfect cooking partner

Induction helps you master any cooking technique faster. It heats quicker than other types of hob – it even boils water in under 90 seconds\* – so you can get on with your cooking straight away. And the heat adjustments are so subtle that they help you produce the finest tastes and textures every time you cook.

### Safety guaranteed thanks to automatic shut-off

If the flame accidentally goes out or if a burner is left on for a very long period without intervention, the gas is shut off from the source, ensuring perfect safety for the hob.

### Ignite each zone straight away with just one hand

For maximum control, you can activate and ignite each zone with just one hand. The single-action system on the hob also delivers optimum efficiency and security.

### Quicker heat for extra speed

No more waiting around for pots to boil. The PowerBoost button gives you an instant burst of heat that boils water in under 90 seconds\* – that's even faster than an electric kettle. It's perfect for tasks like boiling potatoes, and other quick cooking jobs too, like searing meat.

### Stay safe and make full use of any residual heat

The residual heat indicator lets you know when your hobs are still hot. Not only can you stay safe, but you can also use the heat to keep food warm.

- Hob type: Mixed with induction
- Controls position: Front Left & Right
- Illuminated controls
- Digital indications for each zone
- Induction zones with power booster function
- Left front zone: No, 0W/0mm
- Left rear zone: No, 000W/00mm
- Middle front zone: Induction, 2200W/3600W/210mm
- Middle rear zone: Induction, 1400W/2500W/145mm
- Right front zone: Induction, 1400W/2500W/145mm
- Right rear zone: Induction, 1800W/2800W/180mm
- Stop and Go function for short interruptions
- Key-lock function
- Child safety lock function
- Acoustic signal
- Integrated electric ignition through control knob
- Gas safety thermocouples: gas is cut off at source if the flame fails
- Eco Timer
- Timer function
- Residual heating indicator: 7 Segments
- Easy installation thanks to snap-in system
- Cast iron pan supports
- Main colour: Black

## Product Specification

Product Installation	Built_In	Width cutting	830
Product Typology	Mixed_Hob	Depth cutting	490
Product Classification	Exploration	Radius cutting	No
Installation	Independent	Fastening	Snap in System
Size	90	Gas original	G20 (2H) 20 mbar
Hob type	Induction Mix	Gas replacement 2	G30/G31 (3+) 28-30/37 mbar
Design family	AEG-Electrolux P10	Gas replacement 3	No
Main colour	Black	Gas category	I12H3+
Control Panel material	Glass	Frequency	50
Frame type	No	Voltage	230/400
Frame material	No		
Knobs colour	Stainless Steel		
Top Control Place	Front Left & Right		
Type of controls	Kite		
Control function	Booster, Child-lock, Key-lock function, Pot detection, Residual temp. indication, Stop+go function, Acoustic signal, Minute minder, Eco timer		
Other comments design	Wok grid included		
Other comments categorisation	EcoDesign - copy of 949750866 with open cross above burner		
Width mm	880		
Depth mm	520		
Built in height mm	47
