

TIME TO SAY 'HELLO' TO YOUR LIGHTING...

Our smart lighting range has built-in software that you can control remotely for an easier, efficient and personalised way of using your lights. No need for a hub or complex installations. Simply download the Tuya app to configure the lights your way, directly from your smartphone or using your own voice on smart home voice recognition products, such as Amazon Echo or Google Home.

HOW IT WORKS:

DOWNLOAD THE 'TUYA' APP

Please scan the QR code or search 'Tuya' to download from your App Store or Google Play.

REGISTRATION & LOG IN

- Enter your email or mobile phone number to register
- A verification code will be sent via email or text message
- Set your password

SET UP

Connect your lights to the app and start controlling.

Saxby Smart products are only supported on 2.4G WIFI bands.
