Technical Data

25/38mm **Fibre** Cement **Board Screws**

The **No**More**Ply** 25mm & 38mm Fibre Cement board screws are the perfect fixing method for the 6mm and 12mm boards. Their unique self-tapping tip and self-countersinking head mean they're not only fast to install but sit completely flush with the surface of the board. Their high-quality zinc plating means they are suitable for use in wet areas such as bathrooms, wetroom and kitchens.

SKU	Screw Length	Quantity
5626	25mm	50
5631	25mm	200
5647	38mm	50
5652	38mm	200
