

Open the door to natural drying

The Series 20 AirDry dishwasher automatically opens the door in the final part of the cycle, letting fresh air inside – performing three times better than our closed-door systems. Automatic drying, with no extra effort from you. Just unload when it suits your schedule.

Product Benefits & Features

Three times better drying, with AirDry

AirDry technology lets air into the dishwasher in the last phase of the drying process. The door will automatically open to allow a 10cm gap, for up to three-times better drying, compared to our closed-door systems.

Freedom to use your utensils

The spacious cutlery drawer is designed to accommodate the bulky utensils and long knives you use every day. Whether large or uniquely-shaped, the dividers can be customised to make sure your cutlery and utensils fit.

Maximum efficiency, with AutoSense

The AutoSense programme adjusts cycles based on how full the dishwasher is, and how clean or dirty the dishes are. It will only use the necessary amount of water and energy needed for the best results.

Quick cycle, to suit your schedule

The Quick programme is ideal when you're short on time, with light loads treated in just 30 minutes. Clean dishes, on your schedule.

PerfectFit, for effortless installation

The PerfectFit sliding hinges make it really easy to ensure your dishwasher blends in with the rest of your kitchen. The hinges are designed to suit all counter top heights, removing any need to cut the plinth. The perfect fit, every time.

- Energy efficiency (2010/30/EC): A++
- Installation: FI
- Loading capacity: 14 IEC settings
- Noise level: only 46 (dB(A) re 1 pW) (2010/30/EC)
- Water and energy consumption: 10.5 l, 0.935 kWh for program Eco 50
- 6 programmes, 3 temperatures
- Dishwasher programmes: 90 Minutes, AUTO Sense, Eco, Machine Care, Quick 30 Minutes, Rinse & Hold
- Text/symbol panel
- Panel with symbols
- Touch control for programs and functions selection
- Warm water connection up to 60°C
- Delay start option: 3h
- Water sensor detects the level of dirt and adjusts water consumption
- Indications for salt and rinse aid
- Height adjustable upper basket, even when fully loaded
- Upper basket with Foldable cup shelves
- Lower basket with Fixed plate racks
- Aquastop System
- Built-in H(min/max)xWxD (mm): 820/880 x 600 x 550
