

Fresh kitchen, silent kitchen

Clearing the kitchen air after cooking is simple with the Series 60 AirBreeze hood. The hood extracts odours and vapours at a whisper. So you can enjoy your company and conversation, without distraction or interruption.

Product Benefits & Features

Smells and vapours extracted quietly with AirBreeze

Quietly refresh the air in your kitchen at the touch of a button with AirBreeze. The hood gives off very little sound, working discreetly in the background so it won't overpower your conversation.

- Air extraction or recirculation possible, if charcoal filter (optional accessory) installed.
- Indicator for grease filter saturation
- Indicator for carbon filter saturation
- Cooker hood lamps type and number: LED spotlight, 2
- Grease filter type and number: Aluminium mesh, 2

Automatic fans, with Hob2Hood

With Hob2Hood technology, the fans overhead will adjust on their own based on your hob's settings. As you cook, the fans will speed up or slow down to match any temperature changes you make. So you can forget about hood settings, and focus on your tasty meal.

Easy handling with Touch on Glass Controls

The glass screen on the hood is touch-sensitive. Letting you choose the perfect settings with just a tap. And because there are no knobs or dials, it can be wiped down after cooking really easily, with a damp cloth.

High Performance fans, for clear air

No matter what you're cooking, the high performance motor inside the hood will be able to get rid of odours and vapours. Its power allows the fans to work quickly and quietly, for a fresh kitchen.

Better visibility with LED lights

The hood's bright LED lights make sure you can always see what you're doing when cooking on the hob.

Product Specification

Product Installation	Built_In	Speeds	3+Intensive, Breeze function
Product Typology	Cooker_Hood	Size	60
Product Class	Cooker_Hood	Motors n° of	1
Frequency	50	Minimum distance from cooking top ELECTRIC	50
Voltage	220-240	Minimum distance from cooking top GAS	65
Main colour	Black	Lamp n° of	2
Required fuse (A)	No	Lamp type	LED spotlight
Chimney colour	Stainless Steel	Type of filter	Aluminium mesh
Height total	915		
Height max. external	1260		
Width mm	598		
Depth mm	409.8		
Weight net cleaner and accessories no packaging	14.1		
Cord length external	1		
Air outlet	150		
Capacity High	380		
Capacity Low	200		
Motor absorption	150		
Noise power High in dB(A)	61		
Noise power Low in dB(A)	46		
Noise power Recirculation High in dB (A)	60		
Noise power Recirculation Low in dB (A)	45
