Dimmable LED for the right light

Task lighting when you're cooking, mood lighting when you're dining. This cooker hood features dimmable LED lights that adapt to align with your kitchen's lighting, allowing the decision of bright lights when cooking or ambient lightning up to you.

The hands-free hood

This cooker hood has Hob2Hood, a useful feature that automatically controls your cooker hood and lights. Leave Hob2Hood to regulate the fan while you concentrate on the key moments involved in getting your dish just right. But if you'd rather adjust the fan speed yourself, there are manual controls

Clean air. Designed to last

This filter captures and cleans away cooking smells incredibly efficiently to leave kitchens fresh. The longest-lasting disposable filter, it can be washed and reactivated to ensure it maintains its high odour-filtering performance.

Highest quality hood design

With its unique design and high quality finish, this premium cooker hood will enhance the look and performance of any modern kitchen. A seamless blend of form and functionality
