Silent Running Thermostatic Power Shower

TRITON

See you first thing Britain

Shower

Triton's **NEW** silent running thermostatic power shower is so quiet that when the water is running, you won't hear the pump, and as such has been awarded the Quiet Mark award of approval. The AS2000SR is the perfect solution for those with low pressure systems, providing a great flow rate of up to 14 litres per minute. Its continuous running performance ensures there is no waiting around in between showers for busy families.

- Easy to use start/stop button
- **Thermostatic control** constantly regulates the temperature providing you with precise control and a safer showering experience
- **Adjustable maximum temperature stop** reduces the risk of accidentally turning the temperature too high
- **Multiple cable and water entry points** including the Triton **Swivel Fit Water Inlet**, enabling top, rear or bottom entry for ease of installation
- **Larger footprint** makes it an ideal replacement for existing Triton power shower models
- Large **3 mode**, rub clean shower head
- **1.25m** anti-twist hose
- **1 year guarantee**, full parts and labour
