

Induction heating with automatic hood

The Series 20 induction hob promises fast, efficient heating for every meal. And when paired with Hob2Hood®, cooking smells are automatically extracted. The hood's fans are wirelessly connected to the hob, and will speed up or slow down depending on the temperature.

Product Benefits & Features

Induction hob is easy to clean, fast and safe

Induction technology only heats the base of the pan, so the surrounding area will remain cool to the touch. And seeing as the surface is completely smooth, it's easy to clean with the wipe of a damp cloth.

Automatic fans, with Hob2Hood

With Hob2Hood technology, the fans overhead will adjust on their own based on your hob's settings. As you cook, the fans will speed up or slow down to match any temperature changes you make. So you can forget about hood settings, and focus on your tasty meal.

Touch Controls, designed for easier cooking

Specify cooking levels, set timers and adjust temperatures with the Touch Controls. The operation panel is embedded directly into the hob's glass. For full cooking control with a few taps.

Intense heat when you need it, with PowerBoost

The PowerBoost function is designed for intense heat on demand. Boil water quicker than the kettle, or turn up the temperature under your griddle pan for searing and sealing steaks. Built for convenience, to make preparing your favourite meals easier.

No overcooking with Timer function

When the timer you've set runs out, the hob will automatically switch off the heat. It can be set to a maximum limit of 1.5 hours, which means that even if you're concentrating on a few different things at once, your meal will be ready when you are.

- Hob type: Induction
- Frameless hob
- Touch-control
- Controls position: Front Right
- Illuminated controls
- Induction zones with power booster function
- Pot detection
- Left front zone: Induction, 2300/3700W/210mm
- Left rear zone: Induction, 1800W/180mm
- Middle front zone: No, 0W/0mm
- Middle rear zone: No, 0W/0mm
- Right front zone: Induction, 1400/2500W/145mm
- Right rear zone: Induction, 1800W/180mm
- Automatic fast heating up
- Key-lock function
- Child safety lock function
- Acoustic signal
- Timer function
- Easy installation thanks to snap-in system
- Main colour: Black

Product Specification

Product Installation	Built_In	Fastening	Snap in System
Product Typology	Electric_Hob	Gas original	No
Product Classification	Performance	Gas replacement 2	No
Installation	Independent	Gas replacement 3	No
Size	60	Gas category	No
Hob type	Induction Full	Frequency	50-60
Design family	Yellow	Voltage	220-240V/400V2N
Main colour	Black	Cord length external	0
Control Panel material	No	Type of plug	No
Frame type	Frameless Square		
Frame material	No		
Knobs colour	No		
Top Control Place	Front Right		
Type of controls	Falcon 9-Steps
