

Type IIR Face Masks

Technical Data Sheet

EN14683:2019 - Type IIR

Design

with elastic ear loops

Dimensions:

Mask length
Mask width (pleated)
Mask width (total)

175 +/- 5 mm
90 +/- 5 mm
170 +/- 5 mm

Logistics:

Packaging
Shelf life
Storage

50 pcs per box
2 years
Protect from sunlight,
dust and humidity

Usage

Sterilization
Applied standards
Product classification

Single use
Non-sterile
EN 14683:2019, CE class 1
Medical device acc. to MDD 93/42/EEC.

Material:

65% Spun bonded, non-woven
35% Melt-blown, non-woven
Latex-free
Fibreglass-free

Performance:

Bacterial filtration efficiency (BFE), (%) $\geq 98\%$
Differential pressure (Pa/cm²) < 60
Splash resistance (kPa) $\geq 16,0$

All data refer to typical single values and may be subject to alterations.
