

Healthier and crispy results

The Series 40 AirFry oven provides a healthier alternative to oil frying. You can now enjoy the crunch of perfectly fried food - including your regular favourites as well as adding a tasty crunch to vegetables. For tender insides and crispy outsides with little or no oil.

Product Benefits & Features

Crispy food made simple with AirFry

The AirFry function with the innovative perforated AirFry tray lets air circulate around your food to evenly heat it from all angles. Removing the need for turning, so you can just enjoy the crunch of perfectly fried food.

- Top Oven Functions:
 - Economy variable grill
 - Top heat
 - Bottom heat
- Main Oven Functions:
 - Fan controlled defrosting
 - Retractable oven controls with LED display
 - Economy variable grill
- Oven features:
 - Pizza cooking

Double Oven—multitasking made easy

Cook two meals at once easily. With the Double Oven you have the choice of fan cooking, conventional cooking and grilling. So you can bake a cake or roast a chicken at the same time. Making your kitchen adventure a little more convenient.

Say goodbye to scrubbing your oven

Catalytic Cleaning helps stop the build-up of dirt and grease in the oven. This feature automatically begins to work when the temperature reaches 250°C. Getting rid of cooking residue, so you don't have to.

Convection oven, for Even Cooking

The hot air generated inside the oven during cooking is moved around with a fan, so all your dishes receive the same amount of heat. This lets the oven heat up faster, which means you'll get the same results using 20% lower temperatures, saving time and using less energy.

Assisted cooking programs and LED Display make cooking more fun.

Now you can pay more attention to friends and family while you cook. Easy-to-read 2-colour LED display makes it simple to use assisted cooking functions while viewing the time, temperature and progress of your cooking,

Product Specification

Plug	No
Self-Cleaning?	Catalytic
Cavity coating	Catalytic
Dimensions (mm) (HxWxD)	888x594x568
Dimensions (Built-in, mm)	875x560x550
Total electricity loading, W	4900
Voltage (V)	220-240
Required Fuse	30
Frequency (Hz)	50-60
Temperature range	50°C - 300°C
Maximum Microwave output (W)	0
Cavity Size (L)	61
Largest Surface area	1175
Colour	Stainless steel with antifingerprint
Energy class	A
Energy consumption, conventional mode, kWh per cycle	0.92
Energy consumption per EU standard cycle	0.78
Energy consumption, hot air, kWh/cycle	0.77
ProdPartCode	All Open

Top Oven Cooking Functions

Bottom, Fan + light, Grill + top, Grill + top + fan, Light, Ring (10) + top (50) + fan (w/o Lamp), Ring + bottom + fan, Ring + fan, Top + bottom

Cooking Function Bottom Oven

Bottom, Grill, Grill + top, Light, Top, Top + bottom
