Vitavia Greenhouse Warranty

Vitavia Garden Products Ltd (“Vitavia”) provides the following Warranty to the original purchaser of a Vitavia greenhouse (“Greenhouse”). This Warranty covers any manufacturing defect, whether material or workmanship, of the Greenhouse frame, and only when the Greenhouse is used for its intended purpose.

This Warranty is for a period of 10 years from the original purchasing invoice date and is valid only with presentation of the original purchase invoice.

This Warranty does not apply if the Greenhouse has been exposed to wind speeds exceeding 50 miles per hour (resistance against winds measuring 50 miles per hour is the standard measured by the TUV Standards Authority. The TUV mark signifies on-going surveillance in production and is recognition of the quality management system for the product).

In the event of a successful Warranty claim it shall be at the sole discretion of Vitavia to replace the defective Greenhouse or any part thereof which requires replacement or pay the replacement cost. Taxes, shipping costs, inconvenience, loss of use, installation fees, incidental or consequential damages are not covered by this Warranty.

Vitavia reserves the right to discontinue or change any of its products without notice
