- Ideal for use on kitchen plinth or bathroom(zone2)
- LED Technology for long life
- Energy Saving ( Good Lumens per watt ratio)

### Key Features

- Small and Sleek Appearance
- Fittings can be daisy chain for simple installation
- Available individually or as a pack of 4 including Sensio latest Small profile driver and Plug.
- IP44 Rated

### Product overview

Measuring only 15mm in diameter, the Iris plinth light is a discreet option to enrich any kitchen design with subtle accent lighting along plinth boards.

The natural white LED's compliment a wide array of materials and finishes, whether in the kitchen or bathroom, and the high-quality stainless-steel bezel is sure to add a premium feel.

Installation is also simple and intuitive due to the threaded body that is fixed into place with a nut, as well input and output cables that can be daisy-chained together.

### Technical Specification

Power	0.32W
Voltage	24V
Lumens	8lm
Lumens per Watt	25lm/W
Color Temperature	4000 K
Cable Length	750mm each end
Operating Temperature	5°C to 45°C

### Mechanical Specification

Product	Dimensions (mm) L x W x D	Weight (Grams)	IP Rating
SE15990N0	15 x 15 x 39.5	21	44
