

Benefits

- Better value alternative to a receiver and remote control
- Ability to control the driver with Amazon Alexa and Google Home
- Easy to use – just plug and play
- High efficiency
- Promotes inconspicuous installation

Key Features

- Slim 16mm depth
- Integrated distribution ports
- 2m mains cable included
- Short circuit & overload protection
- Surge and thermal protection
- Kinetic compatible

Technical Specification

Rated Input Voltage (Vac)	220-240
Input Voltage Range (Vac)	198-264
Frequency (Hz)	50/60 ± 3%
Output Voltage (V)	24 ± 5%
Output Current (A)	1.25
Short Circuit Protection	Yes
Overload Protection	Yes
Thermal Protection	Yes
Surge Protection	Yes
Operating Temperature	-20°C to +40°C
Humidity	10% to 90%RH
Mains Cable Length (M)	2
Number of Ports	5
Number of Channels	5

Product Overview

Accompanying the existing Titan range, the new Titan Smart Driver is at the forefront of modern technology, unlocking advanced lighting control without the need for additional receivers and remote controls.

Simply combine the Smart Driver with the Link-Sensio App to access a multitude of clever features, such as dimming and lighting schedules, or, if you want to truly unlock the full smart potential, combine with an Amazon Alexa or Google Home for voice controlled lighting.

The Titan Smart Driver also features all of the classic Titan attributes such as a low-profile body, integrated ports and protection from short-circuiting, overloading and electrical surge.

Mechanical Specification

Description	Dimensions (mm)	Weight (g)	IP Rating
Titan – 30W Smart Driver- Single colour - Kinetic Compatible	L136 x W56 x D16.5	136	IP20
