

DURAPOST HEDGEHOG HOLE

**HEDGEHOG
STREET** 

CITY OF WILDLIFE

DESCRIPTION

The DuraPost Hedgehog Hole is an essential part of ensuring that wildlife can thrive in and around our gardens.

- Designed to be easily incorporated into a DuraPost fence system.
- Allows hedgehogs to pass freely between gardens
- Does not compromise the strength of the fence

SUSTAINABILITY

The DuraPost Hedgehog Hole is constructed from steel, arguably the most sustainable metal available (the most widely recycled metal - can be recycled infinitely).

CONSTRUCTION

- Constructed from DIN ST12 grade cold rolled steel.
- Electrophoresis coated and powder coated black with a semi gloss finish.
- It is manufactured and fabricated from steel rectangular tube and flat profiles.
- 1 product per box, each product has a colour label on the front of the box.

PRODUCT CODE	FINISH	WEIGHT
8081000	Black Gloss	0.85kg

STORAGE PRIOR TO USE

The DuraPost Hedgehog hole is packaged in a printed, recycled cardboard box and as such must be stored in a dry area, away from damp and humidity.

For more information on the DuraPost fence post, see 'DuraPost Specification Sheet.'
