# Powered External Siren

Tailored for your needs, the Yale Sync Powered External Siren is the ideal visual deterrent for arming your home and improving your home security for enhanced peace of mind. Simply plug into the mains and connect to your Yale Home App through your phone, tablet or Apple Watch for quick, easy installation, set-up and control. Check in from anywhere in the world and receive alerts and real-time notifications when your alarm is triggered. The handy geolocation feature reminds you to set the alarm when you're leaving home, giving you one less thing to worry about.

Powered by a 12v power supply, the siren generates 104db of noise, works within a 200m range, with tamper alerts sent directly to your phone/smart watch. No need to change batteries or worry about power failure, as the Siren comes with a built-in backup battery powered generator for greater reliability.

It's easy to link with your Yale Sync Smart Home Alarm allowing you to customise your system with up to 40 accessories, with the option to use no screws or tools, perfect if you are renting your home or moving homes.

With the Sync Smart Home Hub, Sync Alarm Motion Detector and other Sync Accessories you have a comprehensive security system with Yale's 180 years of security expertise behind it. In addition to this, the alarm system has the ability to use leading voice assistants to control your home alarm and have Philips Hue lights as an added deterrent.

The Yale Smart Living Home App allows you to control your Yale Sync Home Alarm, Indoor/Outdoor Cameras and Smart Lock\* in one place. You can arm/disarm or part-arm your Smart Alarm with just your voice. The alarm can also be controlled using the Yale Smart Living Home App, key fob\*\* or keypad\*\*.

**Loud siren. External 104dB siren that acts a deterrent.**

**Tamper alert. Triggers your alarm if someone attempts to jam the signal.**

**Distance protection. The Sync alarm has a range of 200m allowing you to secure your shed, garage and other outbuildings.**

- Full in-app control: Control remotely through the app
- Easy set up: Step-by-step instructions in the box and on the app
- App notifications: Receive real time notifications and alerts
- Powered with 12v power supply. No need to change batteries
- Battery Backup. Ensures the siren still functions in the event of a power failure
- Add additional sirens. Pair additional sirens to your hub, to give increased deterrent security
- Enhanced encryption: The latest technology built in to ensure your home stays secure and protected
- No subscription or monthly fees
- Expandable system: Customise your system with up to 40 accessories
- Wireless accessories: Accessories are completely wireless

**Please Note: Features and sensors will only work when connected to a Yale Sync Hub.**

\*Only available for Conexis L1 and Keyless Connected & requires Sync Alarm Lock Module.  
\*\* Sold separately.
