Yale

Interlinked Smoke Detector

Synchronise home and fire protection with the Interlinked Smoke Detector featuring a sensor to detect smoke from any source, (especially smouldering fires), a loud 85dB Siren for audio alert and the ability to detect rate of rising heat when temperatures exceed 57.25°C or rise by 8.25°C per minute. The detector is highly sensitive, with a 200 ranage and LED status indicators for visual notification, all so you can rest assured knowing that Yale has you protected.

And it's not just a smoke detector. The product also includes the ability to detect movement and support scene creation through PIR motion detection and provide visual alerts through built-in emergency lights.

It's easy to link with your Yale Sync Smart Home Alarm allowing you to customise your system with up to 40 accessories, with the option to use no screws or tools, perfect if you are renting your home or moving homes.

With the Sync Smart Home Hub, Sync Alarm Motion Detector and other Sync Accessories you have a comprehensive security system with Yale's 180 years of security expertise behind it. In addition to this, the alarm system has the ability to use leading voice assistants to control your home alarm and have Philips Hue lights as an added deterrent.

The Yale Smart Living Home App allows you to control your Yale Sync Home Alarm, Indoor/Outdoor Cameras and Smart Lock* in one place. You can arm/disarm or part-arm your Smart Alarm with just your voice. The alarm can also be controlled using the Yale Smart Living Home App, key fob** or keypad**.

High sensitivity sensor. Detects smoke from any source including smouldering fires. Sensor auto-calibrates every month to ensure correct detection threshold.

Motion detection. Built-in PIR detects movement and sends real-time alerts to your smartphone.

Wireless. For easy and flexible installation. Takes 2 x AA batteries (included), lifespan minimum 2 years.

- Full in-app control: Control remotely through the app

- Easy set up: Step-by-step instructions in the box and on the app

- App notifications: Receive real time notifications and alerts

- Loud Siren: 85dB Siren gives a loud audible alert.

- Enhanced encryption: The latest technology built in to ensure your home stays secure and protected

- No subscription or monthly fees
