# Mini Door/Window Contact

The Mini Door/Window Contact allows for discrete monitoring of the opening and closure of doors and windows, thanks to the revised sleek aesthetic. Suitable for both commercial and residential purposes, mountable on any door or window frame. Featuring a highly extensive and reliable communication range up to 200m, with prolonged battery life of 2 years. The Mini Door/Window Contact sends low battery notifications and tamper alerts, with built in protection to prevent unauthorised removal.

It's easy to link with your Yale Sync Smart Home Alarm allowing you to customise your system with up to 40 accessories, with the option to use no screws or tools, perfect if you are renting your home or moving homes.

With the Sync Smart Home Hub, Sync Alarm Motion Detector and other Sync Accessories you have a comprehensive security system with Yale's 180 years of security expertise behind it. In addition to this, the alarm system has the ability to use leading voice assistants to control your home alarm and have Philips Hue lights as an added deterrent.

The Yale Smart Living Home App allows you to control your Yale Sync Home Alarm, Indoor/Outdoor Cameras and Smart Lock\* in one place. You can arm/disarm or part-arm your Smart Alarm with just your voice. The alarm can also be controlled using the Yale Smart Living Home App, key fob\*\* or keypad\*\*.

**Out of home monitoring.**  
Monitors the opening/  
closing of your door/  
window.

**Easy to Install.**  
Wire-free and one push  
learn for easy installation.

**Tamper protected.**  
To prevent unauthorised  
removal.
