

### Every corner cool. Less food waste\*

The 8000 Cooling 360° Fridge Freezer protects food, with 30% better temperature distribution on every shelf. Multiple air channels deliver consistent cooling and stainless steel creates an elegant and premium look for your kitchen.

## Product Benefits & Features

### Cooling 360° – protects food for less waste\*

Protect the quality of food, and reduce waste, by providing stable, even temperature and humidity throughout the whole fridge. Cooling 360°, with a premium stainless steel interior, delivers 30% better temperature distribution on every shelf.

- For fully integrated, slide door installation
- Net capacity freezing compartment: 61 l
- Net capacity refrigeration compartment: 192 l
- Automatic defrosting of the freezer compartment
- Automatic defrosting of the cooling compartment
- Fast freeze function
- Coolmatic function for quickly chilling fresh food
- Freezer with Frostmatic function for rapid freezing
- Clean Air filter
- Holiday function to minimize energy consumption during long absence avoiding mould and bad odours
- Audible and visible high temperature warning signal
- Audible and visible warning signal for open door
- Electronic touch controls with digital indications
- Refrigerator lighting: 1, Luna – 1 top and 2 sides
- Refrigerator shelves: 3 Full Width + 1 FlexiShelf, Metal
- Egg tray: 1 for 10 eggs
- Flexi-Space: removable glass shelves in freezer compartment
- Freezer shelves: 2, Full Width, Glass
- Freezer drawers: 3 Full Width, Transparent Plastic
- Special refrigerator drawers: Metal
- Door hinges placement: Right & Reversible
- 1894 mm built-in height
- Fridge freezer colour/design: White

### New-era innovation. Unique fridge-freezer with recycled plastic\*

A new era of cooling is here. Introducing our fridge-freezer with an inner lining made of 70% recycled plastic. Plastic from discarded refrigerators is used to make new refrigerators, helping reduce waste through circularity.

### Freezer space converts to fridge. For more flexibility

The freezer compartment is fully convertible, so you can set the freezer at +4°C to extend your fridge space or keep using it at its usual temperature between -15°C and -24°C.

### TwinTech® No Frost Plus. Temperature stability for more flavour

TwinTech® No Frost Plus keeps food hydrated thanks to dedicated cooling systems for fridge and freezer. Temperature stability over 4 times better than standard\* and reduced energy consumption by up to 9%\*\* ensures precise food storage.

**Product Specification**

Product Installation	Built_In	Type of defrosting refrigerator	Auto
Product Typology	Bottom_Freezer	Required defrosting	None
Product Classification	Statement	Ambient switch control	None
Installation	BI Slide Door	Intensive cooling fridge	Yes
Freezer position	Bottom	Holiday function	Yes
Table top	No	Service advice function	No
Number of doors	2	On/Off indicator control	Display
Design family	AEG Vision		
Main colour	White		
Gasket colour	White		
Top panel height	None		
Work surface	No
