

The self-cleaning oven, with pyrolytic technology

The Series 60 SelfClean oven with pyrolytic technology means you'll never have to scrub the oven again. When the setting is turned on, the door will lock, and high temperatures will be activated, turning cooking residue into ash. Which can be simply wiped away once the oven has cooled.

Product Benefits & Features

No more scrubbing, with pyrolytic cleaning

The oven's pyrolytic cleaning function turns grease into ash. It does this by locking the door and heating the cavity to around 500°C, which is hot and powerful enough to remove any leftover residue. Once finished, and the oven has cooled, the ash can simply be wiped away.

Evenly cooked results, on any level

Get perfectly even oven results with Multilevel cooking. An additional heating ring promises even cooking across all three levels. Which is great for cooking more favourite dishes at the same time.

40% quicker warming, with Fast heat-up

Get your meal cooking sooner with the Fast heat-up function. Warming the oven 40% quicker than the standard.

Assisted cooking programs and LED Display make cooking more fun.

Now you can pay more attention to friends and family while you cook. Easy-to-read 2-colour LED display makes it simple to use assisted cooking functions while viewing the time, temperature and progress of your cooking.

Convection oven, for Even Cooking

The hot air generated inside the oven during cooking is moved around with a fan, so all your dishes receive the same amount of heat. This lets the oven heat up faster, which means you'll get the same results using 20% lower temperatures, saving time and using less energy.

- Built-in oven
- Multifunctional oven with ring heating element
- Large capacity oven: 0 L
- 5 shelf levels
- Oven energy class: A+
- Bottom oven energy class: No
- Oven cooking functions: Bottom heat, Conventional/Traditional cooking, Defrost, Frozen foods, Grilling, Moist fan baking, Pizza setting, True fan cooking, Turbo grilling
- Oven cavity with 3 baking levels
- Fast oven heat up function
- Pyrolytic self-cleaning
- Cleaning reminder
- Automatic temperature proposal
- Electronic temperature regulation
- Electronic lock function
- Electronic Child Lock safety function
- Residual heat indication
- Automatic safety switch off oven function
- Retractable knobs
- Electronic oven functions overview: 3 Pyro cycles, 45 variety of pre-set cooking programmes "Assist", Acoustic signal, Alarm/error tones, Automatic safety switch off only oven, Buzzer volume adjustable, Child lock (in off mode), Cleaning reminder, Cooking with Duration, Cooking with End Time and Duration, Count up timer, Delayed start (Time delay), Demo mode with code, Display Brightness adjustable (ON status), Door switch for light, Electronic temperature regulation, Electronical door lock, Fast heat up selectable, Function lock (in running mode), Key tones menu with deactivation, Menu non-connected, Minute minder, Oven light on/off selectable (menu + direct access button), Real temperature indication (°C), Residual heat indication, Service info, Temperature proposal, Time of day
- Halogen oven lighting
- Oven light automatic at door opening
- Easy to clean door
- Fan stops when opening the door
- Cooling fan
- Trays supplied with the oven: 1 Dripping pan grey enamel, 1 Trivet chromed
- Grids supplied with the oven: 2 Wire shelves chromed
- Demo mode

Product Specification

Product Installation	Built_In		
Product Typology	BI_Oven_Electric		
Product Classification	Core		
Type	Single		
Installation	BI		
Size	60x60		
Oven Energy	Electrical		
Cooking	Fan + Ring		
Cleaning top oven	Pyrolytic	Feature Electronics	
Nø of cavities	1		
Design family	Yellow		
Main colour	Black/Black		
Control Panel material	Metal Frame with Glass Inlay		
Type of doors	3 Glasses		
Type of handle	Metal		
Door hinges	Drop Down Equilibrated, Drop Down Removable		
Drawer	No		
Hob control	No	Heating function top oven	LUX MF_pyro
Thermostat	Top		
Type of timer min.	LUX	Cooking function top oven	Bottom, Fan + light, Grill, Grill + bottom, Grill + bottom + fan, Grill + fan, Ring + bottom + fan, Ring + fan
Electronic Oven Control	LUX MF_pyro	Height total	594

3 Pyro cycles, 45 variety of pre-set cooking programmes "Assist", Acoustic signal, Alarm/error tones, Automatic safety switch off only oven, Buzzer volume adjustable, Child lock (in off mode), Cleaning reminder, Cooking with Duration, Cooking with End Time and Duration, Count up timer, Delayed start (Time delay), Demo mode with code, Display Brightness adjustable (ON status), Door switch for light, Electronic temperature regulation, Electronical door lock, Fast heat up selectable, Function lock (in running mode), Key tones menu with deactivation, Menu non-connected, Minute minder, Oven light on/off selectable (menu + direct access button), Real temperature indication (°C), Residual heat indication, Service info, Temperature proposal, Time of day
