

Wet & Forget Indoor SAFETY DATA SHEET

(Prepared in accordance with
REGULATION (EU) 2015/830)

Revision Date: 25 November 2019
Date of Issue: 22 April 2020

SECTION 1 Identification of the Substance and of the Company/Undertaking

- 1.1 Product Identifier:** Wet & Forget Indoor
- 1.2 Relevant identified uses of the substance and uses advised against**
- 1.2.1 Relevant identified uses:** Product for use as a mould controlling agent
- 1.2.2 Uses advised against:** No specific uses advised against.
- 1.3 Details of the Supplier of the Safety Data Sheet**

Manufacturer: Wet & Forget Limited
Address: 38 Apollo Drive
Mairangi Bay P.O. Box 100-959
North Shore Mail Centre 0745
Auckland, New Zealand
Telephone/Fax: +64 94764440
Email Address: sales@wetandforget.co.nz
National Contact: Wet & Forget Limited (UK)
Unit 3, The Hatch Industrial Park
Greywell Road
Basingstoke
RG24 7NG
London
Telephone/Fax: 0333 900 7007 or 0800 999 3309

1.4 Emergency telephone number

Phone: 0333 900 7007 or 0800 999 3309
Availability: 24 Hours

SECTION 2: Hazards Identification

- 2.1 Classification of the substance or mixture**
- 2.1.1 Classification according to Regulation (EC) 1272/2008 [CLP/GHS] – Not classified.**
- 2.2 Label Elements**
- 2.2.1 According to Regulation (EC) 1272/2008 [CLP/GHS]**

Pictograms: None
Signal Word: None
Hazard Statements: None

Precautionary statements:
P102: Keep out of reach of children.
P501: Dispose of contents/container in accordance with local legislation.

Wet & Forget Indoor

SAFETY DATA SHEET

(Prepared in accordance with
REGULATION (EU) 2015/830)

Revision Date: 25 November 2019
Date of Issue: 22 April 2020

SECTION 3: Composition/information on ingredients

3.2 Mixture

All components of the formulation are either non-hazardous or below the threshold limit for inclusion in Section 3.2.

SECTION 4: First Aid Measures

4.1 Description of First Aid Measures

General notes: Treat exposure symptomatically. Seek medical attention if symptoms develop or persist.

Following inhalation: Not normally an inhalation risk. Remove to fresh air from exposure. If breathing is difficult oxygen may be beneficial if administered by trained personnel. If symptoms develop, seek medical advice.

Following skin contact: Immediately remove contaminated clothing and wash skin with soap and plenty of water. If symptoms develop, consult a physician. Launder clothing before reuse.

Following ingestion: Get immediate medical attention. Do not induce vomiting. If conscious, rinse out mouth and give water to drink. Never give anything by mouth to an unconscious person.

Following eye contact: Rinse thoroughly with water for several minutes. Remove contact lenses if present and easy to do so. Continue rinsing. If eye irritation persists, get medical advice/attention.

4.2 Most important symptoms and effects, both acute and delayed:

Not known. Exposure should be treated symptomatically.

4.3 Indication of any immediate medical attention and special treatment needed:

Not known. Exposure should be treated symptomatically.

SECTION 5: Firefighting measures

5.1 Suitable extinguishing media:

Use extinguishing media appropriate to the situation of the fire and its surrounding area. Foam, dry powder, carbon dioxide and water mist are all suitable extinguishing media.

5.2 Special Hazards arising from the substance:

On burning, this material may generate toxic gases such as oxides of carbon, nitrogen oxides.

5.3 Advice for firefighters:

Wear self-contained breathing apparatus and a chemical protective suit.

Do not allow extinguishing water to reach ground water or sewage system. Fight fire from a distance and stay upwind.

SECTION 6: Accidental Release Measures

6.1 Personal precautions, protective equipment and emergency procedures:

Restrict access to the area as appropriate until clean-up operations are complete. Use the personal protective equipment recommended in Section 8 (Exposure controls).

6.2 Environmental precautions:

Prevent material from entering drains or waterways. If drains, streams, soil or sewers become contaminated then notify local authority.

Wet & Forget Indoor

SAFETY DATA SHEET

(Prepared in accordance with
REGULATION (EU) 2015/830)

Revision Date: 25 November 2019
Date of Issue: 22 April 2020

6.3 Methods and materials for containment and cleaning up:

Secure and control spill so additional material is not added to the environment. Bund spill area and recover to a secure container. Spilt material can be absorbed with dry inert material (e.g. sand, earth, sawdust). Sweep up and gather all absorbed material and store in secure containers. Dispose of all waste to an approved waste disposal facility. Clean all equipment with clean water.

6.4 Reference to other sections

Refer to sections 8 and 13 for guidance on personal protective equipment and disposal considerations.

SECTION 7: Handling and Storage

7.1 Precautions for safe handling

7.1.1 Protective measures

Ensure that the area has adequate ventilation. Standard occupational safety procedures should be followed.

7.1.2 Advice on general occupational hygiene

Use of the personal protective equipment referred to in Section 8 is required. Do not breathe vapours. Do not get in eyes, on skin or on clothing. Wash hands, gargle and change clothes after use. Wash the contaminated clothing separately from others.

7.2 Conditions for safe storage including any incompatibilities:

Store in the original container in a dry, cool and well-ventilated place, keep closed. Do not store for prolonged periods in direct sunlight.

7.3 Specific End use - No additional recommendations.

SECTION 8: Exposure controls/ personal protection

8.1 Control Parameters

This mixture does not have any exposure limit values assigned.

8.2 Exposure Controls

8.2.1 Appropriate engineering controls:

Mixture should be used in a well-ventilated place.

8.2.2 Personal protection:

Eye/face protection: Safety goggles should be worn.

Skin protection: Avoid contact with skin, use gloves and protective clothing.

Respiratory protection: Where ventilation is not suitable use an appropriate respirator which is approved and made according to a standard approved by the relevant national body for health and safety.

8.2.3 Environmental exposure controls.

Use the product in accordance with label instructions. Avoid unnecessary release to drains and waterways.

Wet & Forget Indoor

SAFETY DATA SHEET

(Prepared in accordance with
REGULATION (EU) 2015/830)

Revision Date: 25 November 2019
Date of Issue: 22 April 2020

SECTION 9: Physical and Chemical Properties

Property	Endpoint
Appearance	Clear Liquid
Odour	None
Odour threshold	No information available
pH	11.5
Melting point/Freezing point	No information available
Boiling point	>100°C
Flash point	>100°C
Evaporation rate	No information available
Flammability	Not flammable
Upper lower flammability/explosive limits	Not applicable
Vapour pressure	No information available
Vapour density	No information available
Relative density	No information available
Solubility in water	Miscible in water
Solubility in organic solvents	No information available
Partition coefficient (n-octanol/water)	No information available
Auto-ignition temperature	No information available
Decomposition temperature	No information available
Viscosity	No information available
Explosive properties	None
Oxidising properties	None

SECTION 10: Stability and Reactivity

10.1 Reactivity

Stable under normal conditions.

10.2 Chemical Stability

Stable under normal conditions.

10.3 Possibility of hazardous reactions

When handled and stored appropriately no dangerous reactions are known.

10.4 Conditions to avoid

Temperatures above 40°C

10.5 Incompatible materials

Mild steel. Copper. Copper alloys. Strong acids.

10.6 Hazardous decomposition products

When handled and stored appropriately, no dangerous decomposition products are known.

Wet & Forget Indoor

SAFETY DATA SHEET

(Prepared in accordance with
REGULATION (EU) 2015/830)

Revision Date: 25 November 2019
Date of Issue: 22 April 2020

SECTION 11: Toxicological Information

Toxicological Endpoint	Value
Acute Oral Toxicity	LD50 2000 - 5000 mg/kg
Acute Dermal Toxicity	Non-Irritant
Acute Inhalation toxicity	No data
Skin irritation	Not irritating to skin
Eye irritation	Not irritating to eyes
Skin sensitisation	Negative
Repeat dose toxicity (Short term)	No data
Germ cell mutagenicity	None of the components are genotoxic
Carcinogenicity	None of the components are carcinogenic
Reproductive toxicity	None of the components are toxic to reproduction
STOT Single exposure	No effects observed in the components
STOT Repeated exposure	No effects observed in the components
Aspiration Hazard	Negative

SECTION 12: Ecotoxicological Information

12.1 Toxicity

Not expected to be toxic to the environment.

12.2 Persistence and degradability

No data available.

12.3 Bioaccumulative potential

No data available.

12.4 Mobility in soil

No data available.

12.5 Results of PBT and vPvB assessment

This mixture is not considered to be PBT or vPvB.

12.6 Other adverse effects

No other adverse effects reported.

SECTION 13: Disposal considerations

13.1 Waste treatment methods

13.1.1 Product/Packaging disposal Clean containers can be recycled.

13.1.2 Waste treatment information Containers should be washed prior to disposal.

13.2 Additional information

Ensure compliance with EC, national and local regulations. Do not dispose of wastes in the local sewer or drainage system.

Wet & Forget Indoor

SAFETY DATA SHEET

(Prepared in accordance with
REGULATION (EU) 2015/830)

Revision Date: 25 November 2019
Date of Issue: 22 April 2020

SECTION 14 **Transport Information**

Not considered hazardous for transport.

SECTION 15: **Regulatory Information**

15.1 **Safety health and environmental regulations specific for the substance**

This safety data sheet has been compiled according to the requirements of Regulation (EC) No 1907/2006 as amended by Regulation (EU) 2015/830.

15.2 **Chemical Safety Assessment**

No Chemical Safety Assessment has been carried out.

SECTION 16: **Other Information**

16.1 **Indication of changes**

This is the second version of the SDS written in accordance with Commission Regulation (EU) 2015/830.

16.2 **Abbreviations and acronyms**

CAS: Chemical Abstracts Service

EC: Emulsifiable Concentrate

IUPAC: International Union of Pure and Applied Chemistry

PBT: Persistent Bioaccumulative Toxic

vPvB: Very persistent very bioaccumulative

NOEC: No observable effect concentration

NOAEL: No observed adverse effect level

16.3 Key literature references and sources for data - No data available.

16.4 Classification and procedure used to derive the classification according to Regulation (EC) 1272/2008 (CLP) - The classification has been derived from the calculation method.

16.5 Full text of relevant R-phrases and/or H statements - None

16.6 Training advice - No further data.

16.7 **Further information**

This SDS supersedes all previous issues. It summarises our best knowledge of the health and safety hazard information of the product. All users should read this SDS and consider the information in the context of how the product will be handled and used in the workplace, including in conjunction with other products. Since the actual use of this product is beyond the control of Wet & Forget (NZ) Ltd, we make no warranty, expressed or implied, concerning the use of this product. It is the responsibility of users to ascertain that the product is suitable for intended applications.
