

# FloorSure Silver

## Underlay

PU foam  
featuring  
**excellent  
resilience**

### ■ Feels good to feet

The polyurethane foam used in our FloorSure range may be light in weight, but your feet would never know – they'll simply enjoy the warm, soft comfort this fantastic underlay offers!

### ■ Brilliant bounce back

Under pressure, this is an underlay that really performs – retaining its ability to spring back much better than a typical sponge rubber product – to help your carpet keep that 'just-fitted' look.

### ■ Light fantastic

It may be no lightweight in performance, but FloorSure's certainly much easier and safer to lift and handle compared with sponge rubber and felt underlays – thanks to its lightweight PU foam.

### Technical Data

Properties	Value
Weight	630g/m <sup>2</sup>
Thickness	8.00mm
Roll Size	11m x 1.37m = 15.07m <sup>2</sup>
Roll Weight	9.5kg
