

Home Delivery Checklist

No Crane or HIAB Delivery

We deliver with a kerbside tail lift lorry only.

No Loose Surfaces

The ground and road need to be flat, level and solid tarmac or concrete to use the system.

Delivery Vehicle (Tail Lift Lorry)

Pallets are lowered to the ground and manually manoeuvred into position via pallet truck.

Sufficient Vehicle Access

The road must be wide enough for a lorry to fit down. If access is restricted please contact us.

Delivery Schedule

Deliveries are within 5 working days, between 8am - 6pm. We will contact you to arrange a date.

No Obstructions

No obstructions, e.g. overhanging trees or cables. If there is a height restriction this may prevent delivery.

We cannot deliver onto sloping ground, as tail lift must be able to lay flat

Please provide a contact number that you can be reached on.

All orders must be signed for, and any damages must be reported directly to the supplier within 24 hours.

Goods are supplied on non-returnable pallets.
