

PROGUARD HI-VIS GROUND MAT

Product Code	Pricing Unit	Colour	Dimensions	Thickness	Pack Quantity	Pallet Quantity
PGM4	Each	Yellow	1.2M X 2.4M	12mm	1	50

Product Description:

Proguard Hi-Vis Ground Mats are a high-quality, heavy-duty ground mat specially designed to allow sites with low light and low visibility conditions to clearly mark access routes.

These mats incorporate a specially designed, patterned surface for vehicles on one side and a conventional diamond pattern surface for pedestrian access on the other side, providing excellent traction in a variety of applications.

Weighing only 36Kg each, these mats can be handled and laid by 2 people, reducing handling costs as no heavy equipment is needed

Benefits:

- 100% recycled material
- Diamond pattern surface texture
- Lightweight for manual handling with 2 people
- Prevents environmental and property damage
- Prevents vehicles from becoming bogged
- Allows easier access in poor ground conditions
- Lower weight = lower transport & handling costs
- 100% recyclable
- 6 hand holes allows multiple manual handling options.
- Can be used in vehicle and pedestrian access situations.

Application:

Scope out the area/route you will be laying the mats on and remove any large obstacles such as protruding rocks, lay the mats next to each other over the area, if desired, connect the mats together using cable ties or connectors in the corner connecting holes.

Performance Data:

Dimensions	2.4m x 1.2m
Thickness	12mm
Basic Component	100% recycled HDPE.
Max Bearing Load (tons)	50
Connecting Holes	4
Hand Holds	6
Weight (Kg)	36
