PD1C	Each	Clear	4m x 25m	1000	1	20

Product Description:

Proguard Clear Polythene Sheeting is perfect for protecting furniture during house removals or covering floors during building and decorating work.

Manufactured in a range of sizes and thicknesses Proguard Polythene Sheeting can also be used for creating temporary dust screens in conjunction with the *Proguard Temporary Screening Props.* For ease of transportation each polythene roll is multi-folded.

Benefits:

- 100% waterproof.
- Cost effective temporary protection.
- Can be used to create a temporary dust screen.
- Flexible material – ideal for draping and hanging.
- Lightweight multi-folded rolls.
- Easily cut with a knife.

Limitations:

- We recommend the heavier grade rolls ie. 800/1000 gauge for heavy duty applications.
- Product may become slippery when wet. Mop up any spills immediately or replace where necessary.
- This product is not Flame-retardant. When this is a requirement use our *Proguard Flame Retardant Polythene.*

Application:

Each roll is multi-folded. Simply unroll and unfold to use. Tape down any loose ends with *Proguard Low-tack PVC Tape* or *Proguard Ultra-Low Tack Tape* on sensitive surfaces.
