HSE No.	10815
Active Ingredient(s)	Cypermethrin 0.1%, Benzalkonium Chloride 0.1%
Shelf Life	24 months

Application Information

Preparation

When you are experiencing a moth infestation **NOPE!® CP Clothes Moth Killer** is an important part of a control strategy. Before using **NOPE!® CP Clothes Moth Killer** spray it is advisable to take the following steps.

- Where possible wash the clothes and/or soft furnishings to eliminate larvae and eggs present. If it is not possible to wash the soft furnishings, then shake them off to dislodge larvae and eggs.
- Vacuum in the area around the affected clothes and/or soft furnishings to remove any dislodged larvae or eggs.

In addition to using **NOPE!® CP Clothes Moth Killer** the following actions are also recommended.

- Don't over fill wardrobes. An emptier wardrobe makes the signs of infestation easier to spot.
- Regular vacuuming around soft furnishing and cleaning of draws and wardrobes.
- Use Nope!® Moth Killer booklets in wardrobes as a long term treatment.

Application

Read the label before treatment.

NOPE!® CP Clothes Moth Killer can be sprayed onto soft furnishings. Using the spray bottle provided at a rate of 25 – 50 ml per metre square. Do not use **NOPE!® CP Clothes Moth Killer** on human bedding, pet bedding, pet sleeping quarters, or where pets frequently lie – instead these areas should be thoroughly washed with hot water. A 500 ml pack should cover 10 to 20 m².

NOPE!® CP Clothes Moth Killer can also be sprayed on the interior surfaces of wardrobes and draws. Using the spray bottle provided at a rate of 25 – 50 ml per metre square.

NOPE!® CP Clothes Moth Killer can also be used as a space spray in empty wardrobes. Spray 1 – 4 ml per cubic metre.

Wash hands thoroughly after use. Keep unprotected people and animals away from treated surfaces until they are fully dry.

NOPE!® CP Clothes Moth Killer is not to be used on clothing.
