

Great results in half the time with combined heating

The 8000 MealAssist CombiQuick® combi Oven combines heating functions and microwave for cooking in half the time without compromising results. And the CookSmart Touch display guides you from everyday meals to the most ambitious dishes.

Product Benefits & Features

Microwave and Oven. Dual functions for delicious dishes

Microwave and Oven merges hot air circulation with advanced microwave technology for grilling, roasting and baking up to 50% faster than a conventional oven.

CookSmart Touch. Smart cooking at your fingertips

The CookSmart Touch display with swipe navigation lets you receive cooking tips and select oven functions. And with energy-saving tips, you can cook more efficiently. Your favourite dishes and methods can be saved on the app and sent to the oven at the touch of a button.

Functions and Dishes. Automatic settings and step-by-step guidance

Assisted cooking Functions provide the best settings and automatic options such as Roast, Reheat and Dough Prove for outstanding results. And the Assisted Dishes function offers step-by-step guidance for meat, baking, cooking plant-based dishes, fish or vegetables.

Ensure precise cooking with the new Food Sensor

The new Food Sensor notifies you when your desired temperature is reached and allows you to precisely monitor the cooking process to achieve perfect results every time.

Cooked Evenly everywhere

The clever Hot Air convection system ensures hot air circulates evenly throughout the oven cavity, for a cooking process that is faster, and more energy efficient.

- Connectivity: Control your oven via your smartphone or tablet.
- Our award winning 4-inch display screen with intuitive touch control for easy use.
- Food probe
- SoftMotion™ for a smooth, silent action when closing the door.
- Cooling fan
- Residual heat cooking uses the leftover heat in the oven to finish the cooking process, helping to reduce energy consumption.
- Microwave function
- Fan controlled defrosting: Great for delicate items like cream cakes, by using room-temperature air to defrost food in half the time.
- LED digital display
- Isofront® plus triple glazed doors with a heat reflective coating.
- Child lock: Oven controls can be locked to prevent misuse, providing safety and peace of mind.
- Turbo grilling
- Inverter microwave technology cooks food evenly, preventing hot spots by spreading heat consistently.

Product Specification

Main Colour	Black	Product Type	Built-in Electric Oven
Built-in Dimensions (mm) (HxWxD)	450x560x550	Gross Weight (Kg)	41.8
	Bottom heat, Conventional cooking + Microwave, Defrost, Dehydrating, Dough proving, Grill, Grill + Microwave, Hot air, Hot air & Bottom, Hot air & Top, Top & Bottom, Keep warm, Melting, Microwave, Plate warming, Preserving, Reheating, Roast, Slow Cooking, Stew, Top, Top & Bottom heat, True fan cooking + Microwave, Turbo grilling + Microwave	Net Weight (Kg)	40.1
Functions (Main Oven)		Main Oven - Trays Included	1 Cake tray grey enamel, 1 Dripping pan grey enamel, 1 Trivet chromed
		Main Oven - Shelves Included	1 Wire shelf chromed
		Main Oven - Shelf Support	Side grids Easy entry
		Plug or Hardwired	Hardwired connection only
		N° of cavities	1
		PNC	944 005 198
Connectivity	Yes	Bar Code	7333394104140
Total Electricity Loading (W)	3000	Voltage (V)	220-240
Steam Category	No		
Timer Type	CookSmart touch (4 inch display)		
Cleaning	Clean enamel		
Dimensions (mm) (HxWxD)	455x479x409		
Oven control knob type	Touch		
Max Power Grill - Top Oven (W)	1900		
Max power oven, W	3000		
Temperature Range	30°C - 250°C		
Interior Light	1, Top halogen		
Lamp power (W)	25		
Oven Energy Source	Electrical
