

UME

The UME rechargeable LED wall light offers a versatile indoor lighting solution without the need for complex wiring. These multi-colour battery wall lights are ideal for enhancing living rooms, bedrooms or home offices where flexible illumination is essential or mains power is inconvenient. Featuring a contemporary black metal stem with a fabric tapered shade design, each light provides up to 200 lumens and max 20 hours of operation from a 6-hour charge. Integrated Li-Ion batteries power colour-changing LEDs, offering warm white, cool white, daylight white and full multi-colour options, all dimmable via remote control.
